HOLIDAY WALK & FESTIVAL OF TREES

Oh, the crisp, snowy evenings that November can bring. Hopefully Mother

Nature will regale us again for the fourth annual Festival of Trees and Holiday Walk Friday, November 20, 2015. Historic Warren, an Indiana Mainstreet initiative, is planning to bring the town alive again with the lights, sounds and smells of the Thanksgiving and Christmas seasons.

The promotion committee would like to invite you join in the festivities by having your business, family, club or church group decorate a tree. The committee will help assign your tree a spot in one of the downtown businesses OR you may also decorate an existing outdoor evergreen in the downtown area! Again this year we will have a winner from each of three categories: adult organization/business, youth organization and individual/family. Each winner will receive \$50 in Warren Chamber Bucks

to help you get your Christmas shopping started off with our local businesses!

As before, the Holiday Walk and Festival of Trees will coincide with one another and be held from 5:00-8:00pm on Friday November 20th. Participating businesses will open their doors to offer holiday goodies & special deals. Businesses please watch your email for an information on how to participate with us! It will also be opening night of "Disney: Peter Pan Jr." at the Pulse Opera House. Get your reservations in early for the performance.

We hope you join in by picking up an entry form at the Town Office or East of Chicago Pizza and submitting it by October 31st to Danielle Shaw at PNC Bank, PO Box 500, Warren or by emailing it to historicwarrenindiana@gmail.com.

The Historic Warren Board is pleased to host this evening. Please help adorn our small town by decorating a tree and then join us the evening of the event to start your holiday shopping season by supporting the businesses in our 'small town with a big heart'! SALAMONIE LEGEND: END OF ERA SEPTEMBER 13, 2015

Lilly Nutter has sent her last box of goodies to our troops in harm's way.

Lilly informed me that she cannot do it anymore, because her sight has failed her to the point that she is making too many mistakes in her endeavor. In the past 9 ½ years Lilly has sent 1460 packages to which everyone has donated \$15000.00 in postages and expenses.

Lilly is sad that she cannot continue and as she told me the inevitable has come and it is her choice to stop.

She wants to thank each and everyone who helped her along the way. She is going to miss her men and women in uniform.

Lilly has a record of EVERY package that she has ever sent along with the receipts for postage. She has asked if we would take them for the museum so that all can see what she has done. It is with great Honor to accept these treasures from her for everyone to see and review.

Lilly says to tell everyone that her health is good and she is feeling fine. Just the eyesight is gone but not the love and care for everybody.

If you have the time or make time, please send her a thank you card to let her know how much we love her and will miss her work. Also remember her birthday is 12/12/15. (103 years young).

There is only one Lilly.

We love you and will see you soon and at the next reunion in Warren.

God Bless you Lilly Nutter

THANK YOU

Thank you very much. Dear Warren Community, Every year at Indiana University we host a 36-hour dance marathon benefiting Riley Children's Hospital in Indianapolis. Last year we raised over 3 million dollars for the hospital. I'm sure that many of you saw my buckets at Crossroad's Pantry and the Food Express. I would like to thank everyone who donated to IUDM and to both of those businesses for allowing me to place my buckets there. With your help I was able to exceed my \$500 fundraising goal! Because of your generosity I will be dancing for 12 hours this Halloween FTK (for the kids). Again, I can't thank you enough for you support. I'm so proud to call Warren my home.

Thank you, Mackinzie Sharpe

COUNCIL MINUTES

The Town Council of the Town of Warren met Monday, October 12, 2015 at Assembly Hall, Council Meeting Room, 131 N. Wayne Street, in accordance with rules of Council and applicable law.

Those present were: Town Council, Ethan Stivers, Julia Glessner, Steve Buzzard; Clerk-Treasurer, Marilyn Morrison; Employees, Lee Poulson, Dennis Spitler, and others. President Glessner called the meeting to order at 5:00 pm.

Minutes of the September 14, 2015 were approved as submitted.

President Glessner introduced Robert Nuenswander, Warren Public Library Director, and David Scheib, President of the Library Board. Submitted was a request for Council consideration of a CEDIT Fund grant to supplement Library Funds available for scheduled roof repair at the estimated cost of \$21,760. Following discussion Glessner moved, seconded by Buzzard, that a grant award in the amount of \$7,000 be made as that amount would match the maximum which could be awarded through Historic Warren's façade/structural grant program currently underway.

The motion was approved unanimously.

Submitted for Council Action was Ordinance 2015-5, 2016 Municipal Budget. Following discussion, Buzzard moved, seconded by Stivers, to adopt

Ordinance 2015-5. The motion was approved unanimously.

Submitted for Council action were Ordinances 2015-6-8, ordinances setting wages and benefits for 2016. Following discussion, Stivers moved, seconded by Buzzard to adopt Ordinances 2015- 6,7,8. The motion was approved unanimously.

Submitted for Council Action was Ordinance 2015-9, an ordinance allowing additional weekly compensation for the Deputy Clerk Treasurer in the prolonged absence of the Clerk-Treasurer. Following discussion Stivers moved, seconded by Glessner, to adopt Ordinance 2015-9. The motion was approved unanimously.

Following discussion, Stivers moved, seconded by Buzzard, that due to a planned medical leave by the Clerk-Treasurer, the current Deputy's pay be increased by twenty five percent of the Deputy's current weekly salary. The motion was approved unanimously.

Morrison reported that IDEM had notified that the current sewer use ordinance would have to be updated. Commonwealth Engineering will be preparing the revision over the next few months and it will then be submitted to IDEM for preliminary approval before Council approval. Most revisions center on testing procedures for industrial users.

Trick or Treat hours were set for Saturday, October 31st from 6:-8:00 pm.

Council, by consensus, set leaf pickup to officially start on Monday, October 19th. Utility Manager Poulson stated that

past practice had been to schedule pickup days of Monday and Friday with addition days as necessary through the season. Council concurred.

Morrison reported that the State Board of Accounts scheduled audit should be ending within the week. Also reported was that the Computer Hardware upgrade has been scheduled for Tuesday, October 20th. Morrison submitted that as she had withdrawn from the Town provided insurance program as she is now covered by Medicare and supplemental insurance. The current Town provider does not have a supplemental policy available. Morrison requested that consideration be given to Town payment of medicare/supplemental policy costs which would provide substantial savings to the Town. After review of the submitted fact sheet and discussion, Glessner moved, seconded by Buzzard to approve the request. The motion was approved unanimously.

Marshal Spitler submitted the monthly activity report and requested approval of equipment purchase at the estimated cost of \$2069. Buzzard moved, seconded by Stivers, to approve the request.

The motion was approved unanimously.

Poulson, as Fire Chief gave a short report of fund raising activities and planned equipment upgrades.

Poulson, as Utility Manager, reviewed the monthly activity report noting that installation of radio read meters was completed except for a few larger size meters. Water quality reports have been submitted for 2015, a water tap for a new business locating at I-69 has been put in place, the leaf vac is currently in for repair, and the batting cage has been installed. Poulson submitted a request from a citizen at 1675 E 900S for municipal water to be extended to that property which abuts Langton Estates. Council approved by consensus. Reviewed was an estimate in the amount of \$13,500 from Tucker Tree Service for removal of trees in electric lines.

Glessner moved, seconded by Buzzard, to accept the quote with a not to exceed clause. The motion was approved.

There are many factors to consider when assessing the trees and landscaping on a property, but many homeowners overlook these unless there is a serious, visible problem. Some of these concerns include: poor past care or previous topping; improper planting of the trees; too much mulch on the root system; damage during construction; wrong tree in the wrong place; insect or disease damage; overwatering from the lawn's irrigation system; or limbs rubbing on the siding or roof.

All of these things can be dealt with after the purchase of a home, but it can be expensive. According to Lew Bloch, a registered consulting arborist in Potomac, Maryland, "Large trees are usually an asset and a valuable amenity to the property, but weak, damaged or diseased trees are actually liabilities."

"If a large tree has a serious defect, removal may be the best option," advises Andersen. "Quite often these defects are hidden from view. They may be underground in the roots, or they could be hidden in the tree trunk. Depending on the location of the tree and other factors, treating or removing the tree can cost thousands of dollars."

This situation becomes dangerous when the hidden defects are so serious that the tree falls over without any warning. This can happen during a severe weather event or even on a calm day. It can cause

heavy property damage or personal injury or fatalities. If your tree falls on a neighboring home, there may even be a negligence lawsuit.

Therefore, before purchasing a home with large trees, always have the trees inspected by a qualified arborist. Most home-inspection companies do not even look at the trees or have the expertise to analyze them. An experienced arborist can often detect the hidden problems mentioned above and outline remedies.

"Obviously dead or declining trees are easy to spot - at least when leaves are out," says Bloch. "Healthy-looking trees with structural defects, however, require a professional diagnosis."

A professional arborist can also advise the new home purchaser about future maintenance the trees will need and how to care for them.

TESTING HELP

New guidelines released in July by the Indiana Breast and Cervical Cancer Program (BCCP) mean more Indiana women are eligible for financial assistance with the costs of diagnosing breast and cervical cancer, state health officials announced today.

The BCCP guidelines allow women who meet age and income requirements to receive breast and cervical cancer screening and diagnostic

services. To qualify, women must have a gross income at or below 200 percent of federal poverty level and be between the ages of 30 and 64. Women with or without insurance may qualify for BCCP. To see the federal poverty guidelines, go to <http://www.in.gov/isdh/19859.htm>.

Breast cancer is the second-leading cause of cancer death in Indiana, with 4,703 cases diagnosed during 2013 alone. Regular medical care can lead to early detection. When breast cancer is detected early, before a lump can be felt, the five-year survival rate is 99 percent.

Although many women now have access to cancer screening services through health insurance, there still may be financial barriers associated with obtaining diagnostic services following an abnormal cancer screening. These barriers often are associated with high-deductible health plans. Out-of-pocket costs vary among insurance plans, so women should talk with their healthcare and insurance providers about the costs associated with diagnostic tests.

"Even with increased access to health insurance, many Hoosier families can't afford the out-of-pocket costs associated with the tests that diagnose cancer," said State Health Commissioner Jerome Adams, M.D., M.P.H. "By expanding the guidelines for the BCCP, we are able to help relieve some of the financial pressure that families face during an already stressful time."

The United States Preventive Services Task Force recommends that women get screening mammograms every two years beginning at age 50. Women with a family history of breast cancer, or who are at increased risk, should talk to their healthcare provider about whether screening at an earlier age is appropriate.

Indiana women ages 18 to 64 who have already been diagnosed with breast or cervical cancer outside the BCCP may be eligible for financial assistance through the Indiana MA-12 program. Those who are enrolled in the Medicaid program receive coverage throughout the duration of their cancer treatment.

The BCCP is part of the National Breast and Cervical Cancer Early

THE UPTOWN GARDENER by Ruth Herring

Sorry I missed last week, had other things and forgot again, will try to do better. We had a touch of fall this past week and a lot of us grumbling about winter being around the corner. The hard frost we got means a lot of clean up in the flower beds for me. It always looks so sad after a frost so anxious to get out and start the clean up.

This morning I had quite a few of the winter birds at the feeder and have had several robins hanging out in the yard, last fall I had several that stayed into December they were foraging about in the snow for food. I had some dried mealworms left over and they were glad to get them. Maybe that is why they are hanging around this year.

I had a nice surprise this week my great grandson who is three paid a visit, his daddy was in a wedding and the two of them made a fast guy only trip up from Florida, I had not seen him for two years, was a real joy even though the visit was very short.

Soon the Halloween parties will be starting, I remember probably the only one we kids had but it was a fun time. I was only about six and the party was mostly for the older sisters, but I did get to help serve refreshments. We dressed our dog Queenie up, She wore some of the feed sack underwear and a bra on her and had made her a hat. The underwear we cut a hole in the back for her tail to stick out. She behaved quite well as she was used to having to dress up. That was a favorite thing for me to dress her up and make her play house with me. She was my best pal for many years. When it was time for refreshments she was everyone's friend begging food. Most of the kids walked out from town which was about a mile and she was given the privilege of walking them part way home as our road was quite spooky anytime of the year. Mom had made her famous peanut butter fudge and pop corn balls and I remember we tied apples on to something and they had to get the apple with their mouth then of course all got an apple. Just a bit different today. But it is a fun memory.

With the frost on the pumpkins it is time for the good pumpkin pies and other goodies made with the pumpkin. This is my pie recipe which takes a bit longer to make but it is a favorite at our house.

1 1/2 cup cooked or canned pumpkin, 1/4 cup white corn syrup, 2 eggs, 1/2 cup evaporated milk, 2 tablespoon butter, 1/2 cup hot milk, 1/2 cup brown sugar, 1/2 teaspoon salt, 1 1/2 teaspoon cinnamon, 1/2 teaspoon nutmeg, 1/4 teaspoon ginger, 1/8 teaspoon cloves and unbaked pie shell. Combine pumpkin, corn syrup, eggs and evaporate milk. Stir butter into hot milk. Combine brown sugar, spices, and brown sugar then combine all

ingredients together mix till well blended, pour into unbaked pie shell, bake in oven 425 degrees for 15 minutes reduce heat to 350 and bake 35 minutes longer or until a knife inserted into center comes out clean. Served with whipped cream and slivers of candied ginger makes it look festive. Happy fall!

FRIEND OF EXTENSION

Janell Brubaker of Huntington County has been chosen as one of the 2015 Friend of Purdue Extension for her commitment to supporting and promoting the program nationally and locally.

The awards by the Indiana Extension Educators Association were given Thursday (Oct. 15) during a luncheon at Purdue Extension's annual conference.

Brubaker, who was a 10-year 4-H member in her youth, served as a 4-H leader for 12 years in Huntington County and was a member of the county's 4-H Fair Board Association for eight years. She also served on the Huntington County Extension Board for six years as a treasurer.

Brubaker is currently a member of the Huntington Swine Boosters club and an Extension master gardener. She donates many of her plants to local Extension fundraisers. Brubaker has also been a member of two Extension homemaker clubs, where she held various office positions.

"Janell has been in almost all aspects of Huntington County Extension for most of her life," said Karen Hinshaw, a Huntington County Extension educator who nominated Brubaker. "Through her love and dedication to the people of the county, she has demonstrated leadership and been an asset to our local Extension program."
