### SPECIAL MEETING

The Warren Town Council held a special meeting on Monday evening, Oct. 9 at 5 p.m. Council met with Jim Lauer from Schnelker Engineering Company to discuss plans for the Streetscape project, expected to get underway next spring.

Lauer presented Council with blueprints of proposed changes to be made in the downtown area. The project is expected to include a new water main downtown, new sidewalks and street lights.

Council has agreed to purchase materials for the project, with work to be done by contractors.

Once a total estimate of cost is determined, a Grant is expected to be applied for.

It is believed the project can be completed in 90 days.

### COUNCIL NOTES

At 6:30 p.m. Monday evening, Oct. 9, President David Scheib called the regular meeting of the Warren Town Council to order. The meeting was held in Assembly Hall.

A WHARMM meeting was scheduled for Oct 16 in Markle at 6:30 p.m.

Ordinance 2006-2 (amended) was reintroduced. A Public Hearing was set for Oct. 23 at 8 a.m.

A report was given on the 5 p.m. special meeting with Jim Lauer.

The Clerk-Treasurer's report included the September financial report.

The Utility/Street Departments report was given by Curtis Day.

A storage building has been constructed. Crews are picking up leaves. Day was given permission to dispose of an old generator no longer used.

In a report from the Fire Department, one member had taken a leave of absence and one member had resigned.

Town Marshal Dennis Spittler presented monthly activities report to Council.

YOU WON'T WANT TO MISS THIS ONE. HOMEMADE PIES, NOODLES, CRAFTS, CHRISTMAS ITEMS AND MUCH MORE. ROLLS & COFFEE WHILE THEY LAST!

FREE-WILL LUNCH WILL BE SERVED STARTING AT 10:30 A.M.

PLEASE TO COME AND ENJOY THE FUN, FOOD AND FELLOWSHIP.

The formal part of the celebration will begin with a program at 1:30 pm and will include a flag raising by VFW Post 2689, introductions of key courthouse officials, a portrayal of Teddy Roosevelt, and musical entertainment. The courthouse will also be open for tours.

The celebration will culminate in 2008 with a dedication ceremony, as historian, Joan Keefer, has been unable to find any records to show that the Huntington County Courthouse had ever been formally dedicated. If anyone has any documentation to prove otherwise, please come forward with this documentation immediately.

Huntington is named for Samuel Huntington, who signed the Declaration of Independence, and became President of the Continental Congress under the Articles of the Confederation. The courthouse has been the site of the Bush/Quayle presidential kickoff campaign. Bobby Kennedy and Teddy Roosevelt both got off the train here next to the courthouse while campaigning.

A "Friends of the Courthouse" organization has been established and is seeking memorabilia and stories from the last one hundred years. Anyone that would like to share their stories with the committee should write them down and contact Mel Ring at 260-356-7471 or Rose Meldrum

at 260-359-8687. Anyone that would like to donate towards the event can mail their check to the Friends of the Courthouse in care of the Huntington County Commissioner's at 201 N. Jefferson, Room 103.

### RECEIVES FUNDING

For the first time in five years, local units of government across the state today received direct state support for their bridge and road projects. The first of two \$75 million motor vehicle highway fund (MVH) distributions to all 92 counties through Governor Mitch Daniels' Major Moves initiative was completed today.

"The huge transportation shortfall Major Moves addressed was not state government's problem alone. From my travels to cities and towns across the state, I've seen firsthand the need to help local governments address their own infrastructure needs," said Daniels. "Companies looking to locate in Indiana don't care whether the roads they would use bear a federal, state or local designation. First class transportation infrastructure at all levels is vital to our future economic comeback."

The governor proposed the MVH distribution when he announced the Major Moves program in January. Counties, cities and towns

had not received such funding for local projects for the past five years. The funds are being distributed based on the current motor vehicle highway fund formula. The state transferred the first \$75 million to local governments today via electronic transfer. The second \$75 million will be distributed next year.

These funds are on top of the more than \$10 billion the state will spend on new construction, major preservation, and resurfacing projects across the state over the next 10 years.

The share of the funds that local units of government in Huntington County received is \$625,920.71.

Here's how the Huntington County funds will be distributed by the county auditor: \$470,049.64, Huntington County, \$8,850.46, Andrews, \$119,721.39, Huntington, \$7,560.63, Markle, \$754.69, Mount Etna, \$10,256.93, Roanoke, \$8,726.97, Warren

The counties and cities can use the MVH funds as prescribed by IC 8-14-1-3, which includes construction, reconstruction, and maintenance of highways, roads and bridges and the purchase or lease of highway equipment, among other things.

In June, the state received \$3.8 billion for a 75-year lease to the Indiana Toll Road Concession Company to manage and operate the road. Since July 5, when the State Treasurer invested the money, the state has earned more than \$52.5 million in interest at an average rate of 5.46 percent.

### CIRCLE K PUMPKINS

Circle K Stores are offering its customers a chance to join the March of Dimes campaign to fight premature birth, infant death, and birth defects during the month of October by selling paper pumpkins for \$1.00 in all their stores.

"Circle K has a long history of success with the March of Dimes and our store managers and associates are excited to get the campaign going," said Mark Novak of Circle K Stores. "We know that through the 13 years of the campaign we have made a difference in the lives of children in the communities that we serve by funding March of Dimes research and community programs. But there is still work to be done. Premature birth and birth defects continue to threaten the lives of babies in the communities where our employees and customers live and work. We want to build on our success and help ensure

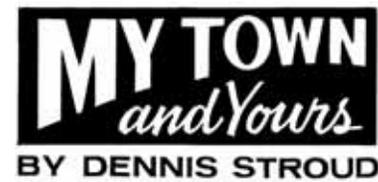

a bright, healthy future for babies."

Circle K Stores have raised more than \$2-million for the March of Dimes since the inception of the campaign. "Circle K is an incredible partner and its employees have shown year after year that they care about the health of babies," said Tim Arndt, March of Dimes Sr. State Director of Communications and Marketing. "The money raised will help save lives and improve birth outcomes for families in the local community as well as babies across America."

Paper pumpkins will be available for purchase for \$1.00 and \$5.00 at all Circle K stores from October 13 - 31, 2006. The purchaser signs her or her name to the pumpkin and the purchased pumpkins create a seasonal store display.

The March of Dimes is a national voluntary health agency whose mission is to improve the health of babies by preventing birth defects, premature birth and infant mortality. Founded in 1938, the March of Dimes funds programs of research, community services, education, and advocacy to save babies and in 2003 launched a campaign to address the increasing rate of premature birth. For more information, visit

the March of Dimes Web site at [marchofdimes.com](http://marchofdimes.com) or its Spanish language Web site at [nacersano.org](http://nacersano.org).

Vier C. Ditzler Sr. started making ice cream in 1906 when his father, J.F. Ditzler, had a store in Montpelier. From 1912 to 1916, Mr. Ditzler operated an ice cream plant in Huntington and after World War I he worked in a Warren ice cream firm. In 1924, Vier started The Warren Bottling Works in the building beside the Warren Library where Ray's TV store is. More about the Warren Bottling Works in a later article.

In 1928, J.F. Ditzler purchased a twin building on Wayne Street which accommodated two business stores, one of which had an ice cream plant. After purchasing equipment and fixtures from Frank Andrew, Vier Ditzler Sr. opened an ice cream parlor in the front of the store and started manufacturing Nu-Way ice cream in the back. Nu-Way ice cream was manufactured in a large screened-in area which featured a cement floor. A ten gallon freezer

was located in this space and later a silver and nickel plated Cherry-Burrell freezer was purchased. The dasher blades on the more modern machine could whip up the mix into ice cream in about twenty minutes. A salt brine tank was used in the early process and was later replaced by a more modern method.

Sometimes the making of ice cream would last an entire day. The soft ice cream had to be taken to a hardening cabinet which took two days for the product to freeze properly. Due to his expertise from years of experience, Mr. Ditzler could tell by sound when the ice cream was done. A five gallon container, quarts and pints would be filled from the batch. Plain flavors would be made first and then followed by nut and fruit flavors.

While vanilla, chocolate, strawberry and lemon flavors of ice cream were always featured, Mr. Ditzler created many distinctive flavors such as honeymoon and orange pineapple. He made butterscotch and caramel flavors, in addition to nut varieties which were always popular and in demand. In all, about 25 kinds of ice cream were manufactured. For years, pints sold for 15 cents;

quarts were 25 cents and two dips cost a nickel. Many customers asked for a double dip cone with four dips of ice cream for a dime. The Nabisco Company said the Nu-Way ice cream parlor was one of the largest cone users in northern Indiana.

On Wednesday and Saturday evenings, the Warren merchants remained open until 9:00 p.m. local merchants often brought their instruments and gathered around the piano. They entertained the customers who came for ice cream, malts, sundaes, banana splits, or a popular item, a bottle of pop and a dip of ice cream served in a glass—a pop soda for five cents.

Among the familiar sights on Wayne Street were the two large cement ice cream cones which stood on each side of the entrance. These cones were made in Eaton, Indiana by a man who did custom cement work. They were to be a cone with two dips, but it was decided this design would be top heavy and unsafe. Instead a single dip was molded and a space fixed for a glass globe to represent the trademark of the candy placed on every cone sold. These cement cones were electrically wired and a small red light bulb made the cherries glow.

## "LUCKY 13" FOR HALLOWEEN

Ghouls and goblins are coming to take over the night. But even scary creatures need to be safe and celebrate Halloween right. That's why the Huntington Chapter of the American Red Cross wants everyone to remember 13 is your lucky number for a Happy Halloween.

Before the fairies fly off to collect their treats, keep in mind these 13 tips for a happy Halloween:

1. Use face paint rather than masks or things that will cover the eyes.
2. Wear light-colored or reflective-type clothing so you are more visible. (And remember to put reflective tape on bikes, skateboards and brooms, too!)
3. Map out the route you plan to take and share the information with family or friends. If possible, bring an adult along with you to share the fun!
4. Always carry a flashlight to brighten your path.

5. Stay on the sidewalks and never walk in the street.
6. Look both ways before crossing the street to check for cars.
7. Never hide behind or cross the street between parked cars.
8. Go to the corner to cross the street.
9. Don't go near open fires and candles. Costumes can be extremely flammable
10. Only visit homes that have well lit hallways or the porch light turned on.

11. Accept your treats at the door and never go into a stranger's home.

12. Be cautious of animals and strangers.

13. Have a grown-up inspect your treats before eating. And don't eat candy if the package is already opened. Small, hard pieces of candy are a choking hazard for young children.

For more tips on how to stay safe during Halloween and other occasions, contact the Huntington Chapter of the American Red Cross at 260-356-2910 or log onto [www.redcross.org](http://www.redcross.org) for information on health and safety planning.

## TOOTH TIPS

By: Dr. Kevin J DeaKyne DDS, PC

### HAPPY HEALTHY HALLOWEEN

For kids, Halloween is a night devoted to costumes and eating candy. There are ways to reduce the harmful effects of a sack full of candy. Instinctively, your child will want to eat as much candy as they can at one sitting. Convince them that moderation is good. Let them have some candy after a meal, like a dessert. Sugar consumed as part of a meal is less likely to damage teeth than sugar eaten alone.

Your kids, like mine, are likely to try to stash candy in their room where they can eat it after they have brushed and gone to bed. Overnight the bacteria in their mouth will work at a torrid pace turning sugar into the damaging acids that attack tooth enamel and cause decay.

Brushing and flossing and a fluoride rinse after a night of ghosts, goblins, and candy eating will help fight against tooth decay. Parents, why don't you be the first in the neighborhood to give out some healthy alternatives instead of the dreaded candy monsters?

## AREA NEWS CONTINUED

### VB HATTERS

On Tuesday the Red Hatters ate lunch at the Marion Jim Dandy. Queen Mum, Waneta Bald conducted a short meeting. She told of an up coming trip with Grant Co. Red Hatters to Bogstown on November 29th. Our group was invited to attend and money needed to be paid in the next week.

From Jim Dandys we went to Bradner Village to entertain residents there. We sang songs, told some jokes and preformed a skit entitled a School Day. Sang happy birthday and played our kazoos for several residents. Those attending were Irene Pickard, Rosemary Hammond, Mary Ellen Hawkins, Donna Zent, Janet Hunnicutt, Nancy Cook, Shelby Goff, Willadean Harte, Shirley Shinholt, Paula Shepherd, Waneta Bald and guest Lucille Endsley and Willadean Ice. Donna Zent and Willadean Harte went on the Grant Co. Red Hatter trip to Chicago and did the gangster tour. A great day was enjoyed by the 44 ladies attending that event.

The Van Buren groups next meeting will be Christian Church Family Fun night on Oct 22 at 6:30. The group will perform the routine again.

### BAYVIEW

Bayview Reading Club held their October meeting in the Calico Room on Tues., the 10th. The meeting was opened with the reading of the Collect by the members. The beautiful lines of "Autumn", by Margaret Sangster, were read by President Lilly Nutter. The secretary and trea-

surers reports were submitted and accepted as read. Margaret Bell was welcomed as a new member and presented a lovely floral tag she had created to Marian Dawson, Mabel Fields, Lilly Nutter, Martha Rumble, Helen Stokes, Helen Jo Strassner, Maro Wall and Iva Mae Wygant. The card committee reported sending out two cards to ill members.

The program, "O Susanna", as given by Mabel Fields is impossible to capture on paper, as a great portion was given in song. It expressed the detailed life of Mr. & Mrs. Methodist Preacher, living an average life, with their average family in an averagetown, with an average parsonage, etc. etc. It covered in great detail what the average minister's wife is expected to accomplish. Her role model, whom she attempts to emulate, was the perfect lady, Susanna W. Each task was accompanied by a song, and they were countless. The program was interesting, well received and deeply appreciated. Martha Rumble will give the Nov. program at our next meeting.

### STUDENT GUIDE

You've got your college visit checklist, and it's full of questions on the guy-to-girl ratio, the school's mascot, and its proximity to a beach. But are the school's technology resources on your list? Computers will be a big part of your college experience, so there are some important factors you need to consider. Use the Student Guide to Evaluating Information Technology on Campus from EDUCAUSE to get a list of questions you should ask a potential college, such as how "wired" the campus is and whether printing costs are included. This booklet costs \$1.00. For your copy, send your name, address, and a check or money order for \$1.00 to the Federal Citizen Information Center, Dept. 327N, Pueblo, CO 81009. And visit [www.pueblo.gsa.gov](http://www.pueblo.gsa.gov) to read or print this and hundreds of other FCIC publications for free.
