## KUDOS, KICKS & KARATS

### DEAR FRIENDS,

I wish to thank everyone for all the kindness shown to me during my recent surgery. For the prayers, cards, visits and gifts. The staff at Heritage Pointe for caring for me, and to my wonderful husband for his care and love for me.

Freddie Couch

### DEAR EDITOR,

I'd like to thank you and everyone else who has accepted and supported David Uncapher, The Can Man, since his brain damage in 2002. The past month you may have noticed he hasn't been around much. He has arthritis and a pinched nerve on his spine. On the 23rd he had a procedure done to numb the pinched nerve. Please pray for a good recovery.

I'd also like to ask for everyone's opinion and help. I assumed everyone was ok with David's "Dumpster Diving," since in four years I've never heard a complaint after explaining his situation in this paper. Some people did have a problem and decided to "beat it into his memory" to stay away (with a dumpster lid). So I ask, should I:

- 1) Let him continue as he has?
- 2) Quit my job so I can assist and protect him 100% of the time?
- 3) Lock him away at home so he doesn't bother anyone?
- 4) Request those bothered to kindly ask him to leave again or lock up their dumpsters?

OR

- 5) Let those bothered "beat it into his memory" to stay away!

Yes, I know who the assailant was, but I'm following God's advice and turning the other cheek. They need to look up "the golden rule" in Matthew 7:12. If David bothers you, call me, at 375-3843, or the police.

For now, I really want your opinions. Please relay them through the Warren Weekly. I've asked that answers be published too, if possible.

Thank You

Pam Uncapher, Mrs. Can Man

### SMALL TOWN, BIG HEART

Have you driven thru the downtown and looked at the second story of the old grocery store? What about the new paint on the building? A big thank you goes to all those who have volunteered their time to give this building a face lift. There are still a few buildings that need some TLC and attention. The goal is for the downtown buildings to have a fresh look, to go along with the new sidewalks and street lights. The upcoming Salamonie Summer Festival is a great time for us to showcase our town, to everyone who visit during this time. We want everyone to look around and be able to say, "Yes, I want to come home to Warren!"

All these renovations have been thru the generosity of donations from a few local businesses and residents. This project has NOT been funded by the Warren Area Chamber, Town of Warren Utilities, or from Economic Development. There is more paint to purchase and additional donations are needed.

If you would like to help in any way, just drop off your donation at Denny's Hardware and he will add it to the fund. If you like to paint and would like to volunteer your time, just let Denny know and someone will be in contact with you.

Our town's motto is "Small Town, Big Heart". Now is the time to live up to that statement!

### KBC MEETING

The KBC board held their June meeting, June 23 at the center. Present were: Bob Pond, Ned Trout, Mark Davis, Jerry Boyer, Ron Neff, Ron and Bonnie Boxell, Shelly Boxell, Karen Herr, Denny Stroud and Janice Jordan

Meeting was called to order by Vice President of 2007-2008, since the new officers do not take office until July. Officers for 2008-2009 are President Shelly Boxell, Vice President Ned Trout, Secretary Janice Jordan, Treasurer Rosemary Zeller

After a long discussion the minutes of the May meeting were approved.

Treasurer's report. A motion to pay the imitate bills was made, seconded and carried.

Old Business:

Discussion regarding the tuck pointing was held. Jerry will be in touch with Elmer Miller regarding this problem. This was tabled

until we have more information on this problem.

Security System update: Since the old system is outdated, we have been looking at other systems. Shelly presented information from Koehlinger Kruse. After reviewing the information, this company was recommended by the committee. A motion was made to accept Koehlinger Kruse proposal by Bob Pond, seconded by Bonnie and motion carried.

Carpet: The new carpet is down in the front hall. We as a board have some questions. We will be working with J R Flooring to fix these small problems.

New Business: We will be accepting new bids on a gate for the north hallway. This was tabled until we have more information.

New Flags: Ned said the class of "58" had offered to buy new flags. When he started checking he noticed that someone has already put new flags up. We will be using their donation to get lighting on the flag at night.

Funding Program: Bob submitted a proposal for our consideration. If 1000 people would donated \$100 for 3 years/ or \$300. It would be invested in a manner that we could draw a monthly check to help cover our day to day bills. (never touching the principle). A Motion was made that we start getting a committee. This committee could then put this program into action. A motion was made by Janice, seconded by Denny, that we accept this proposal as presented by Bob.

Pest control: Karen submitted a proposal from Indiana Pest Control to care for the Center. This was discussed and tabled until the next meeting.

The board members that can will meet next Monday to clean and get the building ready for the Summer Festival.

Next meeting will be held July 21 at 5:30 at the KBC Center office.

## DONATE BLOOD

In the United States, about nine out of 10 summer travelers use a personal vehicle to get to their final destination. Soaring gas prices and increased travel for vacations and sightseeing during the summer make the American Red Cross' drawing for a \$200 gasoline gift card during the week of Independence Day a perfect addition to your summer.

From July 1 to 6, you can enter into a drawing to win one of five \$200 gasoline gift cards by visiting any American Red Cross blood drive or donor center.

Summer blood donations in the Indiana-Ohio Region can drop as much as six percent from

Memorial Day to Labor Day. As a community, it's our job to make sure all recipients have the blood components to support the care they need during the summer.

Visit one of the following blood drives and you will be eligible to

enter into the gasoline gift card drawing.

Tuesday, July 1, from 2 p.m. until 7 p.m. at Evangelical United Methodist Church located at 1000 Flaxmill Road in Huntington.

### DO YOU AGREE OR COMPLAIN

At the last meeting of the Van Buren Town Council Engineer John Huston submitted plans for an upcoming sewer project.

Due to a number of sewage problems around town the project is necessary. Unfortunately this may result in an increase in sewer rates.

Having been a Council reporter for close to 20 years I have heard many complaints when these things happen. Most people in general conversation usually believe this decision is something Council dreamed up. Various laws at times make it impossible for Council to say no.

Most citizens have opinions about these matters but very few show up at Council meetings.

Just like you, I don't like raises, but having sat in many council meet-ings and hearing various town problems, it is evident small raises are necessary occasionally.

If you are dissatisfied about something being considered, attend a meeting, find out why the matter is being considered.

Council members are elected officials to represent you. They would appreciate your input. What good is the "Beautification" project?

### DEAR EDITOR:

As you pass through downtown Warren, you will see that there are many empty buildings. The town has done nothing to help lure new businesses into town, and when one does come in, it is not supported. The Chamber members all stress "Help support your local businesses" yet they do not support and/or help the new ones that do come into town.

As a former downtown business owner, I learned this first hand. I had a business that everyone could utilize, yet of all the people that own and work in downtown businesses, I can count on one hand the number that helped "support" my business.

Now the city has went and spent all this money to "beautify" downtown, do they really think that this will help bring new business into an already dying town? The only thing that it has done is hurt the already existing businesses because no one wants to try to fight their way through the mess. Many have lost hundreds, even thousands of dollars of which will never be able to be recuperated. And, still had to pay the full cost of their utilities, because we wouldn't dare let the town lose any money right along with everyone else.

Then to top it all off, the streets of downtown are closed for all the festivals, that people want to bring in thinking it will generate revenue. For who? Not for the business owners because, once again, the public that does support the businesses, can not get to them because the streets are all closed. Most of the Summer Festivals activities are held at the Civic Center and at the Park, so why not move everything to those locations and give the people of downtown that are trying to make a living a break.

Last but not least, now someone has come up with the idea to board up the second story windows that don't meet their approval, and paint (color of their choice). I also know of one building that has had the request to take down their awning because it does not fit in to the new street light plan. Shouldn't that have been taken into consideration before the final plans were okayed?

I urge each and every one of you that are reading this, to strongly support your local businesses, even though there are some business owners that want your business, but would not give you the time of day if you were to start a business. (If you are one of these owners, you know who you are, and should feel ashamed of yourselves for being the part of a rapidly dying town!)

Signed  
A Concerned  
Business Owner

### THE UPTOWN GARDENER

by Ruth Herring

This week we have picked the last of the strawberries. Always hate to see that part of the garden come to an end, we enjoy the fresh better than frozen although they do taste good in the winter or perhaps to make a fresh made batch of jelly. They did very well this year, I don't know if it was the epsom salt and fertilizer I put on in March or the rains coming at the right time.

The garden is doing well have been using lettuce and chinese cabbage, the potatoes are blooming as well as the green beans. Many of you have mentioned that the beans are coming up sparse or slow growing. Ours are about the same. I blamed it on our squirrels but maybe it is more Mother Nature doing her thing. I also have cut dill to dry I use it for several things. I have it hanging in the kitchen and makes it smell "just dilly".

When we got the storms and rains Sunday I was watching the movement and thought of what my dad always said. It was if a storm came up in the north or east and moved to the west it would come back a good rain. That is pretty much the way it was.

My grandpa was friends with an old Indian gentleman when he lived south of Wabash and he passed down many things of nature and living that grandpa passed on to my dad. I only wish I could have known my Grandpa Forst, he was a Civil war vet and died when I was 3 years old. What things my older sisters tell I missed out on a lot not knowing him.

Fathers day our kids were home and had a cook out and made ice cream, sure tasted good and was very little left. Someone left the hamburger buns and Wayne and I do not care for them, we rather have bread for sandwiches. So I will make croutons from them. I will share with you how I make them.

Slice the buns in half again so there is 4 slices. Butter each piece and sprinkle garlic powder and chili powder and grated parmesan

cheese, top with dried dill weed. Cut each piece in cubes and place on cookie sheet and put in oven at 200 degrees 'til bread is dry and lightly toasted. Cool and store in tight containers. I like to snack on them with a glass of cold tomato juice.

Summer is officially here, enjoy each day and perhaps stop out to the farmers market and check us all out. Soon the produce people should be there.

Till next time enjoy

### POULTRY BLOOD TESTING

Wells County 4-H members are reminded of the health requirements for poultry which includes proof (certificate) that the bird originated from a National Poultry Improvement Program (NPIP) approved flock or a negative blood test for pullorum-typhoid within 90 days of the fair.

Members should plan to bring their birds to the blood testing, Saturday, June 28th, 10 AM-2 PM at the 4-H Park Swine/Sheep Barn. To arrange a special time, prior to June 30th, contact the tester, Jeff Hook, 334-5586.

Only birds not from a NPIP flock need to be tested. Waterfowl, turkeys, and quail do not need to be tested.

Local veterinarians can also do the blood testing.

Salmonella pullorum and gallinarum (pullorum and typhoid) are bacterial diseases that can produce heavy losses in chickens, turkeys, and sometimes other poultry. Losses are greatest in very young birds, but can be seen at almost any age.

Survivors of these infections remain carriers for life and can become sources of infections for other birds. As a result, chicks are hatched with the infection and frequently die.

These diseases can be prevented by purchasing stock from hatcheries and breeder sources listed as participants of the National Poultry Improvement Program (NPIP).

For more information about the Poultry Health Requirements, check your 4-H Rule Book or the Wells Co. Office of the Purdue Cooperative Extension Service, 260-824-6412.
