BLOOD DRIVES

Eligible donors encouraged to give during National Preparedness Month

Disasters can strike at any time, and the American Red Cross encourages eligible donors to help their communities prepare for emergencies by giving blood during National Preparedness Month.

The mission of the Red Cross is to help the public prevent, prepare for and respond to emergencies. During National Preparedness Month, the Red Cross reminds Americans to take simple steps to get ready for emergencies in their homes, workplaces and communities. One way to support this mission is to become a regular blood donor.

THE RAILWAY CHILDREN

Opens at the Pulse Sept. 19

There is one moment in life when you grow up. For Roberta (Bobby) it was the summer when she and her brother Peter and sister Phyllis became the Railway Children.

When father mysteriously is called away and the family has to move from their mansion to a small cottage in the country, the children call upon their kind hearts and vivid imaginations to entertain them while mother is busy. They make friends with Perks, the Porter at the railway, and the Old Gentleman who waves to them from the 9:15 train every day. These three children save the day many a time, diverting trains from disaster, taking in Russian writers and ultimately rescuing their father from his unjust imprisonment.

Chrysa Keenon is playing the title role of Bobby. Chrysa is a senior at Bishop Luers. Pulse audiences will remember her from her performances as Bevin in Buccaneers and Kate in Pirates of Penzance. Nick Scheiber most recently appeared in Sound of Music at Different Stages Theater. His performances at the Pulse include Oliver Twist in Oliver, Charlie Bucket in Willie Wonka Jr. and Raymond in Orphan Train. Hannah DuBois is making her second appearance in a Pulse show. She played the dryad in the Christmas production of the musical Narnia.

Barry Jamison composed an original score for the show. In addition to background music, he composed two new songs which will be sung by the three Railway children.

Performances are scheduled for September 19, 20, 25, 26, 27 and October 2, 3 & 4. Two school performances are on Friday, October 3. Home School Night is Thursday, October 2. Tickets are \$14 for general admission and \$5 for children 12 and under. The lobby opens at 7:00 pm. Theatre doors open at 8:00 pm and the show starts at 8:00 pm. Reservations may be made online at www.pulseoperahouse.org or by leaving a message at 260-375-7017.

Pictured above are (l-r) Chrysa Keenon, Hannah DuBois and Nick Scheiber.

A stable blood supply is central to ensuring patient needs are met in emergencies. Blood can take up to three days to be tested, processed and made available for patients. It's the blood already on the shelves that can help save lives when disaster strikes.

To help increase donations during the month of September, those who come out to donate blood or platelets throughout the month will receive a coupon by email for a free haircut at participating Sport Clips locations.

Appointments to donate and help the Red Cross prepare for patient needs across the country can be made at redcrossblood.org. Information about other ways to help prepare for emergencies is available at redcross.org.

Upcoming blood donation opportunities:

Huntington County

Friday, September 19 from 8 a.m. until 1 p.m. at YMCA, 1160 W 500 N in Huntington,

Thursday, September 25 from 2 p.m. until 6 p.m. at Knight-Bergman Center, 132 S. Nancy Street in Warren.

Monday, September 29 from 12:30 p.m. until 3 p.m. at Miller's Merry Manor, 1500 Grant Street in Huntington.

How to donate blood

Simply call 1-800-RED CROSS (1-800-733-2767) or visit redcrossblood.org to make an appointment or for more information. All blood types are

needed to ensure a reliable supply for patients. A blood donor card or driver's license or two other forms of identification are required at check-in. Individuals who are 17 years of age (16 with parental consent in some states), weigh at least 110 pounds and are in generally good health may be eligible to donate blood. High school students and other donors 18 years of age and younger also have to meet certain height and weight requirements.

About the American Red Cross
The American Red Cross shelters, feeds and provides emotional support to victims of disasters; supplies about 40 percent of the nation's blood; teaches skills that save lives; provides international humanitarian aid; and supports military members and their families. The Red Cross is a not-for-profit organization that depends on volunteers and the generosity of the American public to perform its mission. For more information, please visit redcross.org or visit us on Twitter at @RedCross.

PANCAKE BOOTH

The Wells County 4-H Association is busy finalizing plans and scheduling volunteers for their 4-H Pancake and Sausage Booth at the Bluffton Street Fair, September 16-20, 2014.

2014 will mark the 65th year that 4-H has operated the booth. Through the years the menu has remained the same, buttermilk pancakes, locally grown whole hog sausage, and ham. More recent additions to the menu have included grilled cheese sandwiches and the sausage/ham sandwiches.

When the booth started in 1949, the 4-H used the proceeds from the booth for development of the 4-H Park which had just been announced with the purchase of 40 acres at the south edge of Bluffton.

Today, the proceeds of the booth are used to help purchase ribbons for the fair and to send

youth to 4-H educational trips and camps.

Of course, the booth could not exist without the numerous 4-H parents, grandparents, youth, and other volunteers who give of their time to work in the booth.

With many people working during the day, 4-H relies on those 4-H alumni, retired grandparents, and home school families to assist with the daytime shifts.

This year's booth will open at 5pm on Tuesday evening. As the fair continues, the booth will open at 7am Wednesday through Saturday.

On Saturday, September 20, 4-H will also be serving up pancakes / sausage and biscuits with gravy at the Wells County 4-H Park cookhouse for the spectators of the Draft Horse Pull. Lunch will also be available.

So enjoy this year's Bluffton Free Street Fair and be a part of a 65 year old tradition by enjoying some 4-H pancake's & sausage.

Anyone interested in volunteering with the booth should contact the Wells County Extension Office at 260-824-6412 or visit www.extension.purdue.edu/wells and click on the Pancake Booth link. You can also visit our Facebook Page: Wells County 4-H.

REUNION HELD

The descendants of Edward D Vickrey and Mary Andres Day Vickrey met for their 9th annual Labor Day weekend gathering. It was held in Kokomo at the country home of Zach, Mindy, Megan,

Kelsey and Norah Conner.

Hot dogs, and brats on the grill along with an abundance of pot luck dishes were enjoyed by all.

The kids and adults spent the afternoon playing Slip & Slide, Bounce House, ring toss, hide and seek, 4-wheeler rides and go-cart rides, roller skating and throwing footballs and visiting. Mark and Kathy Vickrey brought the crank ice cream freezer that belonged to Edward and Mary Andres. The youngins' took turns helping crank the ice cream freezer, what a treat!

Tents were pitched and some who spent the night slept outside, others in the house. A bonfire was enjoyed with a lot of memories being made.

About 4:00 am the campers scampered into the house, when a thunderstorm interrupted their sleep, others stuck it out.

Monday morning, Jim Stoffel fixed his famous sausage gravy and fixings with plenty of coffee, fruit and rolls enjoyed by all.

Those present were Zach, Mindy, Megan, Madison, Kelsey and Noah Conner of Kokomo. Ned and Nancy Trout of Kokomo; Mike, Leah, Colin, Ethan and Gavin Trout of Louisville KY; Mark and Kathy Vickrey of Warren; Eric, Jodi, Kloe, Kora Vickrey of Markle and their exchange students Val of Germany and Kara of Thailand; Chris, Nicole, Eli and Sophie of Fort Wayne; Mark Lewellen of Hartford City; Jed and Elizabeth Puckett of Van Buren; Jacob and Natalie Slusher of Montpelier; Jim, Sarah, Conner and Molly Stoffel of Bluffton; Paul Renner of Poneto; Lesa Salomon of Warren; Kristen Salomon of Warren; Kevin and Linda Park of Warren; Mary Alice Van Vliet of Liberty Center; Richard Blair of Warren; and Diane Winkler "Queen Bee" "Oldest" of Warren.

Precious memories were made, and we missed those who could not be there.

BAND INVITES

For the first time, Mississinewa Valley Band will perform a sacred concert at The Phillippe Performing Arts Center on Tuesday, September 16, at 7:30 pm.

Since forming the band in 2000, Mississinewa Valley Band has played an annual sacred concert at various churches. This year, the sacred concert will be on the IWU Campus at The Phillippe. Band members desire to reach an ecumenical audience from many area churches as well as those who are not affiliated with a congregation.

Under the direction of MVB conductor, John Brane, the band will play "A Saint-sational Trio," "Let there Be Peace on Earth," "On a Hymn of Phillip Bliss," "Be Thou My Vision," "Sonata," "Amazing Grace" arranged by Dawson, and "Hallelujah."

Under the direction of Don Lamb, the Mississinewa Valley Swing Band will play upbeat versions of "Jesus Loves Me," "Closer Walk," "Get Happy," and "Amazing Grace" arranged by Rivello.

The local group of four ladies who are employed by IWU, known as "Beauty from Ashes," will also be featured doing vocal selections. A group of IWU piano students will also perform, as well as the children's choir from Brookhaven Wesleyan Church.

The doors will open at 7 p.m. No tickets are required. General seating is available. The 1,000 seat auditorium on East University Boulevard is on the campus of Indiana Wesleyan University in South Marion, north of 45th Street. Refreshments will be served following the performance.

SANDY HOOK SPEAKER

The Huntington University social work department is hosting an educational seminar titled "Finding and Feeling God's Light in the Darkness."

The event will take place Sept. 26 from 8:30 a.m. to 3:30 p.m. at HU's Merillat Centre for the Arts.

The opening keynote speaker will be Ann Sandercox, Master of Social Work degree candidate. Sandercox will speak on the title of the seminar, "Finding and Feeling God's Light in the Darkness." With a personal connection to the 2012 Sandy Hook Elementary School shooting, she will share openly and honestly about her response to the tragedy. Sandercox will identify how grief, depression, anxiety and post-traumatic stress disorder affects individuals following a community trauma. In addition, she will share how faith plays a role in not only trauma but also in the recovery process.

After Sandercox, attendees will participate in breakout sessions hosted by HU faculty, community mental health members and students. Topics will include how to identify the needs of people facing trauma and victims of oppression while learning how to respond in a faith-based practice.

The lunch-time speaker will be Tena Dellaca-Hedrick, the social justice program coordinator for Victory Noll Center in Huntington. She will share her personal account of years of victimization and sex trafficking. Her lecture will help attendees understand how culture plays a role in contributing to vulnerability and victimization of human trafficking victims, both global and domestic. She also will speak on the importance of faith when working with victims of human traf-

ficking.

The Soul Children of Chicago, a world-class performance group, will host the final session. The group has a single-minded purpose: to utilize music as the motivator and catalyst to inspire young people throughout the world to have faith in themselves, each other and God. The purpose of this session is to teach attendees how to educate the minds, elevate the spirits and illuminate the souls of the youth.

For advanced registration, the cost of the seminar is \$65. Registration at the door is \$75, and the cost for full-time students is \$15. Fees include continental lunch and 3.75 continuing education units. The advanced registration deadline is Sept. 19.

For more information, visit www.huntington.edu/social-work or email Carla MacDonald at cmacdonald@huntington.edu.

ENTEROVIRUS INCREASING

Indiana hospitals statewide are reporting an increase in the number of patients with respiratory illnesses, especially in children, according to the Indiana State Department of Health. It is not yet known if the increase is related to the recent surge of enterovirus D68 (EV-D68) infections that have been seen in surrounding states including Missouri, Ohio, Illinois, Kentucky and others.

Enteroviruses are very common, with between 10 to 15 million cases occurring in the United States each year. Three individuals in Northern Indiana have recently tested positive for enterovirus/rhinovirus (rhinovirus is the common cold) by the State Laboratory. Further testing is needed to determine if the cases are EV-D68. There are more than 100 types of enteroviruses.

"When evaluating patients with significant respiratory illness, it's important to test for enterovirus because it helps healthcare providers rule out other treatable illnesses, such as influenza or bacterial pneumonia, and to know what viruses are circulating," said State Epidemiologist Pam Pontones. "Practices such as washing your hands, covering your cough and staying home when you're sick are more important than ever to protect yourself and others."

The State Health Department is working with local health departments and hospitals to conduct surveillance for additional cases of enterovirus. The Centers for Disease Control and Protection (CDC) is assisting the State with testing for the EV-D68 strain.

Typically, EV-D68 causes upper respiratory illness, such as low-grade fever, cough, runny nose, sneezing and body/muscle aches. Infected individuals generally recover on their own without incident by treating symptoms. However, some individuals, especially those with weakened immune systems or underlying medical conditions, such as asthma, may experience severe complications and require hospitalization with supportive therapy.

Enteroviruses, including EV-D68, are spread through close contact with infected people. To protect you and your family from becoming infected with enterovirus or other illnesses, follow the three C's:

- Clean: Wash your hands frequently with warm soap and water. When this is not available, use an alcohol-based hand-sanitizer.
- Cover: Cover your cough with your sleeve or a tissue when you cough or sneeze.

· Contain: Prevent spreading illness to others by staying home if you are sick.

Individuals experiencing cold-like symptoms and trouble breathing should contact their healthcare provider right away.

Visit the Indiana State Department of Health at www.StateHealth.in.gov for important health and safety information, or follow us on Twitter at @StateHealthIN and on Facebook at www.facebook.com/isdh1.

ELDER ABUSE CONFERENCE

A one-day conference on Thursday, September 18, will bring together stakeholders and interested persons to look at elder abuse in Indiana. The conference is in response to 39,847 reports of abuse, neglect and exploitation of adults in 2013 received by the state of Indiana. Just 41 full time equivalent Indiana Adult Protective Services investigators handled over 10,000 cases during that time period.

"Respect Our Elders - Working Together to Stop Abuse" is scheduled for the Crowne Plaza, Indianapolis Airport. Two nationally known authorities on elder abuse will speak, as well as county prosecutors and attorneys that specialize in elder law. Representatives from the Area Agency on Aging and others will participate in the conference, sponsored by the Indiana Prosecuting Attorneys Council, on behalf of Indiana Adult Protective Services and the Elder Law Section of the Indiana State Bar Association. Anyone interested in the issue of elder abuse is invited to attend.

While Adult Protective Service

personnel are funded by the state of Indiana, they work under the authority of each county prosecutor.

Continuing legal education, as well as law enforcement education credits will be available. There is no charge for attendance. Registration deadline is Sept. 13. For more information, go to <http://www.in.gov/ipac/2332.htm>.

WIT AT TAYLOR U

"And death shall be no more, death thou shalt die."

Taylor Theatre proudly presents Wit. Professor Vivian Bearing, specialist in the witty Renaissance poetry of John Donne, is brilliant, driven, demanding, tough-as-nails, and proud of herself. She is also, unexpectedly, dying. Diagnosed with stage IV metastatic cancer, she becomes, ironically, "the subject" of study by a highly gifted, hard-driving cancer research team. Directly addressing the audience, she invites us to face the uncertain future with her, even as she critically explores her past. This outstanding production stars Tracy Manning as Dr. Vivian Bearing and is directed by Joe Ricke. The Mitchell Theater will host four performances of Wit on September 18-21, 2014. All tickets are \$7. For more information call (765)-998-5289 or email boxoffice@taylor.edu.

The Wall Street Journal calls Wit, "Among the finest plays of the decade . . . An original and urgent work of art." New York Times writes, "[A] brutally human and beautifully layered new play . . . You will feel both enlightened and, in a strange way,

AMERICANS NOT GETTING ENOUGH RELAXATION TIME

(StatePoint) Nearly all Americans understand that relaxation time is essential to good health, yet most of us don't spend nearly enough time unwinding during a typical day or week.

While our society acknowledges that kicking back is indispensable, we don't seem to be practicing what we preach. Indeed, 99 percent of Americans think relaxation is important, yet they actually spend less than 5 percent of their day relaxing, according to a new independent research study commissioned by Princess Cruises.

The goal of the research was to better understand the latest trends about how many of us actually relax and how we go about doing it.

Nearly half of Americans report they're more stressed than their significant other, with a whopping 82 percent of men indicating that their partner is the stressed out one.

Music topped the list of relaxation techniques for those surveyed, with 48 percent reporting music helps them take it easy. Interestingly, only 18 percent find exercise is a good relaxation tool.

The most surprising findings were that relaxation causes 62 percent of parents to feel guilty and that nearly one third of Americans surveyed reported being stressed out simply by the thought of relaxing!

So try to beat the odds and make time to unwind.

FLU PREVENTION

The peak season for the flu is the dead of winter, but the illness can strike at any time between autumn and spring, according to the Association of Mature American Citizens. That's why the Centers for Disease Control recommends getting your flu shots as early as October.

It's particularly important for older people to take pre-

cautions. The CDC says that the older you are the greater the risk of complications resulting from the flu. The agency says: "It's estimated that 90 percent of seasonal flu-related deaths and more than 60 percent of seasonal flu-related hospitalizations in the United States each year occur in people 65 years and older. This is because human im-

mune defenses become weaker with age."

So, check with your doctor or local pharmacy to find out when this year's flu shots will be available in your area and book an appointment as early as possible.
