Thought for the Week: *The power of imagination makes us infinite.* John Muir

TOWN CONSTRUCTION COMING ALONG

The Town Sidewalk project is coming along nicely. The construction crew is working hard at getting the job done and on schedule. It's nice to see that even though all of the sidewalks have been torn up, the street still looks nice.

The trees have been removed to the dismay of many. Although we realize that everyone loved the trees (and weren't they beautiful this year), they had to come down. You can't have tree roots growing into water mains and electrical lines. The advantages of the new water main will more than make up for the trees we lost.

We're sure the committee will come up with something else to beautify the sidewalks again. If you have any ideas, let the Town Council know.

Maybe individuals could sponsor planters or benches or something along those lines.

To those hardworking construction employees—way to go and a big pat on the back for your hard work so far. Keep up the good work. We're looking forward to the end result.

BUILD A FLOAT

Did you know that the 2008 Salamonie Festival Parade is less than 8 weeks away? Now is the time to start planning & preparing for the Fantastic Floats that you are going to make for this year's Parade. "STAR SPANGLED CELEBRATION" is the Theme for this year's Festival. The festival committee encourages every business and ball team to create a float. See the Parade Entry form located in this issue of the Warren Weekly. Please contact the parade chairpersons, Joanie Paxson or Cammy Ackley at 375-2111, if you have any questions.

TRI KAPPA THANKS

A big thank you to the ladies of Tri Kappa for their much appreciated donation to the Warren Library's summer reading program.

The children of the area benefit from the generosity of those who contribute to this valuable program. Tri Kappa has been a supporter of the Reading Program for many years.

WARREN RESTAURANT CLOSSES

We would like to say thank you to the Great staff and valued customers whom supported our efforts in Warren.

Closing day will be May 17th. Please stop in and say goodbye.

Note to City Hall: If you want to increase growth in Warren, you need to support and increase growth in your community businesses Before you worry about spending needless dollars on what your town looks like.

Note to the Community: If you do not like what a business does for you, at least have the decency to let that business know what is wrong so that Warren does not continue to lose it's community resources.

Not a single town's person bothered to complain to us about anything but the smoking. A business can not grow or change if your not willing to voice your complaints.

I hope someone will come back in and provide Warren with a new restaurant at a later date; but if you want to keep them here, you need to support them with business and well as feed back.

The Chocolate Cafe.

THE UPTOWN GARDENER

by Ruth Herring

This week has been a busy week for us, my brother from Texas was visiting for a few days. So much to talk and catch up on with our families. We don't get to see each other very often so our time together is precious and never bored for good conversation.

Two things he always requests is some good carmel rolls and breaded tenderloin both of which are not famous in Texas. Thanks to the Warren Lightening Cafe we filled him up on carmel rolls and good conversation, but the tenderloin will have to wait till next time.

He was quite taken by the fact that the cafe was once a auto repair shop.

Saturday was another great day, my good friend Carol from Ohio came and we attended our alumni at Andrews. What a nice time we had meeting some classmates and fellow graduates many who graduated years before us but being small community we have ties to one another. Always good to see those folks. Some time ago I met one of my teachers and she made the remark that one of the nice things about getting older was that her students also aged and seemed that we were all in the same age group now.

I have my garden planted except for a few things to plant later, sure was nice to get into the loamy soil. I will still be aware of the chance of frost but have row covers to help protect things if necessary.

The tomato plants I kept over this past winter I have moved outside and still producing a few cherry tomatoes, they sure taste good. Perhaps I can boast that I am the first one to pick tomatoes this season.

POPPIES

American Legion Auxiliary 368 wants to tell the Poppy Story.

Spring of 1919 the poppies bloomed in abundance on the battlefields of France where so many of our men had fallen in battle. A replica of this Poppy is a Memorial Flower of the American Legion and the American Legion Auxiliary. This became our Memorial Flower at National Convention in September 27-29, 1920. Auxiliary adopted it in October 1921. At this time we pledged the money received to the welfare relief for service men and women and their families, thus fulfilling the true meaning of the Poppy – an emblem of faith, which is kept with all who died through service to the living.

The memorial poppy is made of red crepe paper, by hand, by veterans.

You can pay tribute to all who died in service by wearing a poppy the month of May.

TRASH ROUTE PROBLEMS

It has been reported that there are several problems with trash pick-up in Van Buren. Many residents are putting out more than the six 33-gallon limit, and putting out yardage which is not permitted. Trash is to be out by 7 a.m. Thursday morning, except on a holiday week. It has been asked that all citizens co-operate or there could be an additional charge.

GOLF OUTING

Spring is in the air! Birds are singing, flowers are blooming and people are ready to GOLF!

Dillman Church is planning it's annual golf outing on May 24.

Get a team together and give Mike Schweikhardt a call. The rate of \$40 per man has been the same price for the last five years thanks to Jack Hart at Arbor Trace. The coffee cakes are devoured! The prizes are unbelievable! And the lunch we provide is delectable! You don't want to miss the fun!

The money raised goes to a terrific cause-sending kids to church camp. For these kids, church camp can be a life-changing experience in their spiritual walk FOREVER!

Please help us support this ministry. There are so many ways you can help. We will need people to get prizes (this is the hardest job), youth to help at the golf course, coffee cakes, items for the lunch menu and golfers! The putting tourney that day is run by the Youth Group and that money goes in their fund.

The shot gun start is at 7:30AM. Be there early or you'll miss the tea rings - they go first!

FOOD DELIVERY & FREE CLOTHES

This Saturday, May 17th, the truck from Angel Food Ministries will again arrive in Warren at the Warren Church of Christ around 10:30 A.M. and we can use help unloading. We should be ready for PICK UPS from those who ordered the May Menu and Specials from 11:30 A.M. until 1:00 P.M. Remember to bring your "clothes basket size" box and have your Yellow receipt with you to get your order.

If you would like to help with distribution and filling the boxes or helping folks take their boxes to their cars, come or you can call Janice Jordan at 375-2293. We've been having a lot of help from community folks and it's what makes this ministry the joy that it is.

We want to remind you that this great food is available to everyone, regardless of your financial situation. If you want to save on the grocery bill Angel Food Ministry is some of the answer. Each month the 18 item Menu is different and the Specials are always great. When you buy one unit of the regular menu (and you can buy as many as you want) you can then buy as many of the Specials boxes as you want also. We are also giving boxes of food to needy families and helping our area Food Pantries.

We will be getting the June Menu out soon to the local businesses where we have information displays and it will be in the Sunday bulletins of the 15 area churches on Sundays. Why not visit one of these churches and find out more about the Warren Angel Food Ministry and how it can help take some of the financial burden off rising food prices and keep some of that cash in your pockets to use for gas (and you'll save on the gas bill by coming to Warren to pick up your food). We will have June Menus and Specials ready for you to order starting this Saturday, May 17. You must pay when you order. We accept cash, checks, money orders and FOOD STAMPS. Menu units cost \$30 and the specials run from \$18-\$20.

Also, we are having the Free Clothes Give-Away again this

Saturday, May 17, at the same time as the food pick up. This is open to the whole community. Free Good Clothes! Why not come by and check them out, see what's happening with the Angel Food Ministry and enjoy shopping in Warren!!!

COUNCIL NOTES

by Bonnie Lloyd

The May 7 meeting of the Van Buren Town Council was held in the Council Room at Town Hall. President Tony Manry conducted the meeting which opened at 7 p.m. All in attendance repeated the Pledge to the American Flag.

Minutes of the previous meeting were approved as submitted.

The local Fire Department would like to hold a Tractor Pull during the Popcorn Festival. They asked permission to hold the event on ground owned by the town adjacent to the water plant. Council will check about liabilities before a decision is made.

For a number of years there has been a question as to whether a building owned by Weaver Popcorn is located in town or outside of town. At Wednesday's meeting Council adopted a resolution that the building is in town and has been for several years.

Engineer John Huston was in attendance and discussed plans with Council for the sewer project. Council expects to open bids on July 16.

Superintendent Jim Webb reported that a local concerned citizen would like to see a map of local alleys and easements throughout the town. The citizen uses utility easement in an alley accessible to his home.

Webb also gave Council a list of Ordinance violators. Action will be taken if the violators do not bring their properties up to code.

The next Council meeting will be May 21.

JEFFFEST

The LaFontaine Arts Council and Four Corners Custom Framing have joined forces to present a new community event this summer. JeFFFest, an opportunity to hear fabulous music, eat fun food, and bid on fine art, will be held on Jefferson Street in downtown Huntington, IN on June 22 starting at 6:30 pm.

The Bob Green Jazz Trio will entertain the crowd with 90 minutes' worth of rhythm and blues and jazz selections.

The hors d'oeuvres walk will feature barbeque, chicken skewers, salads, biscuits, cheesecake, cupcakes, and beverages. Tickets will be sold that evening in \$1 increments and can be used to purchase the food items. Tables will be set up

to provide a comfortable and convenient place to enjoy the food as well as listen to the music.

The highlight of the evening will be the silent art auction. Starting May 30 and going through June 13, artists of all ages can purchase a 5"X7" canvas from Four Corners Custom Framing upon which to create a work of art. The shop is open Tuesday through Saturday from 9 a.m. to 5 p.m. Entries must be returned to the frame shop by 5 p.m. on June 13, at which time they become property of the LaFontaine Arts Council. Each canvas will then be framed, displayed, and offered for silent auction in the Four Corners Custom Framing gallery from June 18 to 22. Visitors will also have the chance to vote on their favorite work of art. At JeFFFest, after the music intermission, votes will be tabulated to see which canvas is selected for the People's Choice award. The artist who creates the favorite canvas will receive \$150. Successful silent bidders will also be determined at that time. Winners will be announced at the end of the evening.

No admission will be charged to JeFFFest. Any proceeds from food and silent auction will go toward the LaFontaine Arts Council's Arts in Education programming.

For further information, please call Debbie Dyer of the LaFontaine Arts Council at 260-356-8874 or Paula Bittner of Four Corners Custom Framing at 260-355-0650.

BIKE TO WORK

INDIANAPOLIS—Friday, May 16 is Bike to Work Day, and State Health Commissioner Judy Monroe, M.D. is encouraging Hoosiers to try this fun and healthy way to commute. Deputy State Health Commissioner Mary Hill, RN, Esq. will be riding her bike to work that day.

"Biking to work is not only good for your health, but it is also good for the environment," said Dr. Monroe. "Moderate daily physical activity like riding your bike to work is good for your heart and lungs and can lower your blood pressure."

Ride Your Bike to Work Day is sponsored by the Indiana Bicycle Coalition. The day is aimed at promoting the health and environmental benefits of bicycling.

Dr. Monroe urges bicyclists to keep safety in mind when riding to work or for recreation. Following are some important safety tips she urges Hoosiers to follow:

Always Wear Your Helmet - Be sure it covers your forehead and fits properly. Helmets are for all ages-set a good example to others by wearing your bicycle helmet every time you ride.

Ride on the Right - Always ride with traffic.

Obey All Traffic Laws - Stop at stop signs and stop lights and obey one-way streets.

Signal and Look before turning
Ride in a Predictable Manner - Ride in a straight line. Don't swerve between parked cars.

Use Head and Tail Lights at Night - Reflectors are not enough.

Keep Your Bike in Good Repair - Have it tuned up by a professional bike mechanic regularly.

Yield to Pedestrians - Pedestrians have the right of way.

Ride defensively. Follow the rules of the road. In Indiana, the bicycle is a vehicle and has all the rights and responsibilities of other vehicles. This means stopping at stop signs and stop lights, riding on the right side of the road, and signaling for turns.

Drink before you're thirsty, eat before you're hungry. Take along plenty of water. Use sports drinks for longer rides. Snacks to take along include cereal bars, cookies, fig bars, and fruit (bananas, apples are best).

Items you should carry: Identification, money (for ice cream or other goodies along the ride), tools, spare inner tube, bicycle pump. There are many different bags that you can attach to your bike that could carry what you'll need for the day.

Plan a ride less than 10 miles when riding with small children, those who haven't bicycled very much or if the terrain is challenging. Plan stops along the route or have a destination in mind for the ride.

CATTLEMEN TO MEET

This workshop is a great skill builder for the beginner or intermediate grant writer. Even grant writers with years of experience will find this workshop helpful and enlightening.

Participants will have a proposal outline and all the resources needed to expand their outline into a full proposal.

Karen Hinshaw, Purdue Extension Office, will facilitate the workshop. Mrs. Hinshaw has taught

strategies for finding funding and grant workshops for many years.

The registration deadline is May 20, 2008. There is no cost to participate in the workshop.

For more information and to make reservations, interested parties should contact Marcia McClelland, Huntington County Community Foundation at (260) 356-8878.

ONLINE TAX TOOL

The Department of Local Government Finance (DLGF), in partnership with the Indiana Business Research Center (IBRC) at Indiana University, today released an online property tax calculator for Huntington County taxpayers. This tool allows taxpayers to enter their property's assessed value, taxing district and possible deductions to see tax bill estimates for bills due in 2008. Taxpayers can access the tool from the Department's Website at www.in.gov/dlgef.

"The estimates provided by this tool are projections that taxpayers can use to determine how recent legislation will affect them this year and in the future," Commissioner Cheryl Musgrave said.

The release was in conjunction with the approval of Huntington County's 2008 budget and certification of tax rates.

The estimates provided by this tool are projections only and should not be taken as a statement of true tax liability, which is determined by the county.

A copy of the Huntington County budget and the DLGF analysis will also be available online at <http://www.in.gov/dlgef/2588.htm>.

Learn to create a Rain Garden on Tuesday, May 20 at 6:30 p.m. at the Wells County Public Library.

What is a Rain Garden? It is a planted depression in your yard designed to absorb rainwater. Special plants soak up the water, making it a perfect solution for soggy spots in your yard. Rain Gardens also reduce runoff and can cut down on the amount of pollution reaching our creeks and streams by up to 30%. The added bonus: Rain Gardens attract butterflies and hummingbirds. Carrie Pence, of Janet's Garden Center, will lead us through the steps of creating our own Rain Garden. The class is free and open to the public. No registration is needed. For more information, call the library at 260-824-1612.

COMPLETES TRAINING

Navy Seaman Recruit Jared L. Stoffer, son of Rhonda J. and Larrie B. Stoffer of Warren, Ind., recently completed U.S. Navy basic training at Recruit Training Command, Great Lakes, Ill.

During the eight-week program, Stoffer completed a variety of training which included classroom study and practical instruction on naval customs, first aid, firefighting, water safety and survival, and shipboard and aircraft safety. An

emphasis was also placed on physical fitness.

The capstone event of boot camp is "Battle Stations". This exercise gives recruits the skills and confidence they need to succeed in the fleet. "Battle Stations" is designed to galvanize the basic warrior attributes of sacrifice, dedication, teamwork and endurance in each recruit through the practical application of basic Navy skills and the core values of Honor, Courage and Commitment. Its distinctly "Navy" flavor was designed to take into account what it means to be a Sailor.

Stoffer is a 2006 graduate of Southern Wells High School of Poneto, Ind.

Flower beds are coming to life and there was fear of losing some plants but most all are coming up nice. Just need to get them cleaned out and early weeds stopped.

Lets all hope that this growing season will be better than last years. That was near disaster.

Soon the farmers market will be starting and most all vendors will be there again with their nice product and anxious to help with good fresh foods.

One of the things I sometimes made but may not be doing this year is the whole wheat English muffins which I will share the recipe with you and have had request for.

Whole Wheat English Muffins
Together in a 3 or 4 quart size pan heat to scalding 1/2 cup butter 1 teaspoon salt, 1/4 cup honey, 2 cups milk let cool to lukewarm. To 1/2 cup warm water add 4 1/2 teaspoon dry yeast, let rise and foam. Add this to the milk and 2 beaten eggs. Blend together 4 cups whole wheat flour and 3 cups regular all purpose flour add more flour if necessary to make a bread-like dough. Let rise till double in bulk, turn out on floured board and knead gently a few times, roll out about to 1/2 inch thick and cut out in 2 inch rounds. Let rise 1/2 hour bake 15-18 minutes at 350 degrees.

This makes about 2 dozen muffins and they will keep good in refrigerator several days. Just warm them in the microwave a few seconds before serving, a little fresh jelly is tasty on them and they will be like fresh baked. They make a wonderful and filling breakfast with fresh fruit.

Enjoy and have a great summer.

In the last article the German Potato Salad I did a boo boo! Sorry. It stated 1 tablespoon vinegar and 1/2 cup vinegar. It should be 1 tablespoon sugar and 1/2 cup vinegar.

CASH DRAWING WINNERS

To congratulate the students on a "job well done", the Warren Area Chamber held a cash drawing during the Business Expo at Salamonie School in April. The students in attendance had an opportunity to sign up for the drawing during the expo. A name was drawn every half hour for \$25 in cash for them to use on their Washington DC trip. A total of four students was drawn and announced. They were Jessica Stucky, Nicole Smith, Rachel Herr and Josh Platt.

The eighth grade students were involved in a class project where they interviewed local businesses, and then had to write up a report on their interviews. The Chamber of Commerce also provided these students with a disposable camera for them to record what they like about the Warren area, what they do not like, and also what they would like to see changed. As part of their class assignment, they then created a power point presentation showing these pictures and their thoughts about the Warren community!

It was wonderful to see the enthusiasm that these students have for their community! There were very few negative comments from them! They only saw the positive and the great things that are being done to improve our community. It was very refreshing to hear their comments since they are the future of our community!
