Thought for the Week: *What you do today is a deposit on the future.* Author Unknown

AN OPEN LETTER

I have treasured memories of what took place in Warren, in the fall of 1994. The license branch had been closed because of break-ins with no hopes of reopening. Hundreds of interested, caring residents signed petitions, mailed letters to the Bureau of Motor Vehicles and attended a mass meeting presided over by our beloved Senator, the late Harold "Potch" Wheeler and yours truly. We reaped the harvest of our labors, 10 years of convenient service here. The need to cut costs is commendable; however, the nominal operational cost of 2 days per week would be but a drop in the bucket of the promised million dollars saved by closing.. Aren't the elderly entitled to a bit of special treatment, having been taxpayers all those years? Your comments may be mailed to "Commissioners Office, Room N4401, 100 North Senate Ave., Indianapolis, IN 46204. The final meeting and chance to be heard will be Thurs., May 26th., at 7:00 p.m. at the local License Bureau, 540 S. Grover Street, here in Warren. Let's have a repeat of your help in 1994 and be there to voice your opinion. Warren is famous for its support in a crisis...will be looking for you Thurs., May 26th. at 7:00 p.m. Thank you, Lilly Nutter.

SUPPORT GROUP

Alzheimer's/Dementia Support Group Meeting, Wednesday, May 25 7:00p.m. 2A Activity Room at United Methodist Memorial Home.

Our guest speakers this quarter are Jim and Joy Phillabaum from Bluffton. They will share their walk through caring for a loved one with Alzheimer's. Jim and Joy have personal "experience of caring for a loved one in the home and for 12 years in a long term care facility. They also lead the Bluff ton support group and speak to various groups. All

are welcome to attend.

TO ALL WARREN AREA RESIDENTS,

The Warren Area Chamber of Commerce is asking for your support at the public hearing regarding the closing of our license branch. The Bureau of Motor Vehicles will hold a hearing on May 26th at 7:00pm at our branch on 540 South Grover Street and the meeting is open to the public.

The Chamber feels the closing of this branch will be a huge loss to our community. Not only will it be a tremendous inconvenience for our residents; it will directly affect our economy. Forcing residents to travel out of town to other license branches gives them more opportunity to shop elsewhere. This branch also brings numerous people from surrounding communities into our town; as a result they do other business in Warren that will be totally eliminated.

We have been given the opportunity of a hearing to give public comment. We need the support of the entire community to show how important this is to our town. Whether you're a business owner, a resident of Warren or surrounding community who has relied on this license branch for years, we need you to be there! Numbers do count, let's not waste this opportunity! If you can not make this hearing please send your comments to Commissioners Office, Room N440, 100 North Senate Avenue. Indianapolis Indiana 46204.

Sincerely Yours, Warren Area Chamber of Commerce Board of Directors - Gina Canady, Cheryl DeWeese, Karen Campbell, Joe Cassidy, Rosemary Zeller, Kevin DeaKyne, Julia Glessner, Jodie McDaniel, Andy Jockheck

WHY TV MAKES YOU GAIN WEIGHT

Is having a television the same as having a 19-inch brownie in the house? That's what the author of Diet Simple (Regenery), Katherine Talmadge, says. Not only does it lead to mindless nibbling, but some experts say it also slows the rate at which you burn calories.

"Your metabolism is nearly as slow as when you are sleeping," Tallmadge says. "It takes on big toll on kids' health as well."

Pediatricians at Stanford found that cutting back on the amount of time kids spend in front of the TV contributes to significant weight loss.

OFFER PARENTAL CONTROLS

LocalNet, which services Warren and surrounding areas, announced on May 10, the release of its KidsCheck parental control software. KidsCheck allows Internet users to block explicit website content and control access to chat programs, Instant Messaging, and email.

"We are responding to the needs of parents across America, who want more control over their children's Internet access," said Marc Silvestri, President of LocalNet. "We've taken calls from people in Warren and other areas, asking if we could limit their children's access while on the Internet." Although KidsCheck was primarily developed with children's safety in mind, adults can also benefit from the service.

KidsCheck allows parents to assign different levels of filtering for each member in the household based on 22 categories

of websites and content. It is not necessary to be a LocalNet subscriber to use KidsCheck, however, LocalNet customers receive a discount on the KidsCheck service.

LocalNet, one of the nation's largest Internet Service Providers, offers unlimited Internet access for \$9.95 per month. Free technical support, a rarity in the industry, is included in the price. LocalNet was recently listed on Inc. Magazine's "500 Fastest Growing Companies" list. This was LocalNet's third appearance on the list.

For more information on LocalNet and KidsCheck, call 1-888-488-7265 or visit either www.localnet.com or www.kidscheck.com on the web.

TOOTH TIPS

By: Dr. Kevin J DeaKyne DDS, PC

What is a Sealant?

Sealants are a white or clear resin like material that helps prevent harmful bacteria from attacking the chewing surfaces of back teeth. This treatment is recommended for a Childs baby molar between the ages of 3 and 5. Also, when the permanent 1st molars (6 yr molars) appear and 2nd molars (12 yr molars). The pre molars are also considered for treatment. The depth of the grooves, brushing habits and diet takes into account for the dentist recommending sealants.

Sealants are applied very easily with no discomfort. The tooth enamel in the grooves is prepared with a mild acidic solution called etchant. Then the tooth is washed and dried thoroughly and the sealant is placed and hardened with a curing light (like a hair dryer). The dentist will then check to see if you are biting down properly.

Your sealant can last for a number of years and will be checked at recall appointments to check for wear and general maintenance of the sealants.

Along with regular brushing and flossing, good diet, and regular dental visits, sealants are a great preventative service for the patient.

DEPLOYED

Army Lt. Col. Stacy L. Ruble has deployed to Kuwait to assist in vessel transport and cargo operations in direct support of Operations Iraqi Freedom and Enduring Freedom. The soldier

is a member of the 595th Transportation Terminal Group, one of four transportation groups in the U.S. Army's Military Surface Deployment and Distribution Command. The 595th Transportation Group conducts all of the U.S. Central Command's seaport operations.

In Kuwait, service members operate in the port of Shuaiba, the busiest military seaport in the world. Members of the Army, Navy Reserve and Department of Defense civilians work together to accomplish the important mission of delivering cargo to commanders in the battlefield. The magnitude of vessel transport and cargo involves massive handling of equipment, materials, supplies, and munitions needed to sustain military operations in the fight against the war on terrorism in Kuwait, Iraq, Afghanistan, Pakistan, countries in the Horn of Africa, and Persian Gulf region.

Ruble is a deputy group commander with 23 years of military service.

Also, he was recently selected to command a Regular Army Terminal Transportation Battalion.

His parents are Ron L. and Carol J. Ruble of Riverview Road, Warren, Ind.

The lieutenant colonel graduated in 1982 from Huntington North High School, Ind., and received a bachelor's degree in 1988 from Ball State University, Muncie, Ind.
