SCOUT FOOD DRIVE

A big Thank You to the residents of Warren and Markle for their generosity in donations for the Food Pantry in Warren. The Cub Scouts, Boy Scouts, Girl Scouts and Brownies, along with leaders and parents collected 1,274 items and \$25 cash on November 9th for the Food Pantry. Your contributions will help others in ways that you can't even imagine. Thank you to all who participated in the event. PHARMACY HAS MOVED

The Warren Pharmacy has moved to it's new location at 222 N. Wayne St. in Downtown Warren.

The historic Foust building, built in 1897, was formerly occupied by the Markle Medical Center.

The Warren Pharmacy has remodeled, and expanded the retail (front end) area of the store and desires to provide a more comprehensive selection for the healthcare needs of the community. We thank Kiel & Sons, Rosen Repairs, Accent Interiors, Bolinger's Warren Service & Supply, DeWeese Soft Water & Appliance and Rich Roofing Systems, Pyard Sound & Security for their help. And the employees for extra effort in moving products & shelving, especially Marcy Rosen (without whom, we would not be here yet). And for the patience of our patients & customers as we make the transition to a new working environment.

WARREN SWEATSHIRTS

Need a Christmas gift. The kind of gift found only in Warren. The Knight Civic Center is offering sweatshirts for sale featuring embroidery of Town of Warren in the center of the town slogan, Small Town, Big Heart. The sweat shirts are soiling for \$25-\$30 and are available at Handcrafters, PJ's Flowers and Gifts and DeWeese Softwater and Appliance and at Town Hall. If the correct size is not available, order blanks are available at the listed sites or from any board member with delivery before Christmas. It's a fun way to support the KOC as proceeds will go toward KCC projects.

TOWN LIGHTING

It's time to think about Christmas and Santa and all the trimming. The annual lighting of the Town Christmas Tree, the downtown lights, and the Knight Civic Center Lights has been set for 6:00

p.m. on November 29th, the Friday night following Thanksgiving. Everyone will gather at the site of the Town Tree, this year donated by Andy Gebhart. Santa, with his magic, will light the Christmas tree as well as the downtown building and street lighting. Following, Santa will accompany the group to the Knight Civic Center for hot drinks and cookies when at approximately 6:30, the Center will unveil the 2002 version of lighting. For the first time, this year will see Santa staying at the center for approximately an hour to talk individually with children in a special area set aside in the inside lobby of the front door. Entering through candy cane lane, children will have a chance to confide in Santa exactly what they would like to find under the tree or in a stocking on Christmas.

SANTA DOWNTOWN

Area children will have at least two chances to tell Santa their wishes and expectations for Christmas. On Friday, November 29th from approximately 6:45 (immediately following the Christmas lighting festivities) to 8:00 p.m. and on Saturday, December 14 from 10:00 to Noon, Santa will be found just inside candy cane land at the Knight Civic Center. Rumor has it that Santa has been busy shopping for just the right little gift to help build the spirit of gift giving. In addition, Polaroid pictures will be available at the cost of \$1 each. The Civic Center lobby will feature a Christmas Tree and special chair for Santa as well as cookies and hot chocolate. It's a kid's Christmas and those at the Knight Civic Center look forward to seeing area children.

LETTERS TO SANTA

Hey kids, spend the day after Thanksgiving getting your letter ready for Santa Claus. Drop it into your mailbox or the special Letters to Santa box at the Post Office. Address it to Santa Claus, PO Box 695, North Pole, 46792.

VFW PRESENTS FLAG TO SALAMONIE SCHOOL

A crisp new American flag is flying above Salamonie School, thanks to a donation by the Huntington County VFW Auxiliary Chapter. On November 11 members of the VFW and the Auxiliary were at Salamonie to make present the flag to representatives from the eighth grade class. During the ceremony veterans demonstrated the proper way to fold the flag while the VFW Commander read the significance of each fold.

Pictured above: Huntington VFW members John Stockman and Jack Ness demonstrate how to properly fold an American Flag while Commander Rodney Funk (not pictured) reads the significance of each fold. Observing are Marita Hubartt, Chair of the VFW Auxiliary, Joan Gates, and Salamonie eighth graders Brittany Smalling and John Mayo. The flag was presented to Salamonie School on Veteran's Day by the VFW Auxiliary.

STUDENTS SPONSOR PROGRAM

On November 11 students in the eighth grade class presented their annual Veteran's Day program to community visitors and children in grades 1-7. The program included readings of original work by several students, in addition to performances by the Salamonie band and choir. Following the program, guests were invited to join eighth graders in the cafeteria for a reception prepared by students.

Pictured above: Salamonie seventh grader Tyler Mower reads a passage about the importance of veterans to our country during a presentation during the veteran's program on November 11. The program was led by members of the eighth grade class and the audience included students in grades 1-8, in addition to veterans and members of the community.

KUDOS, KICKS & KARATS

YOU CAN PUT THE PAST ASIDE AND HAVE AN ENJOYABLE THANKSGIVING DAY

More family reunions are held in November than at any other time of the year. Summer reunions may include more distant relatives, but this reunion is with your parents, brothers and sisters, and their kids. It's Thanksgiving dinner.

Now the table is resplendent with turkey and all the trimmings. Family members are smiling at each other and talking about what they are thankful for.

But a while later an uncle belches, brother and sister argue about who Mom loved best, and boisterous grandchildren are running and shouting.

It's not perfect, but it doesn't have to be. Doctors at the New Life Counseling Service of Indiana say setting aside previous negative experiences for two or three hours takes a level of maturity and sensitivity that most adults should have.

In the workplace, they say, we may not get along with everyone, but we can spend eight hours with them without problems. We should be able to do the same with our families for the sake of tradition, family unity, and a time of enjoyment. These tips will help:

- Parents should realize their grown kids should be treated as adults.
- Children must act like guests and display the respect and congeniality they would offer in the home of a friend.
- Grandparents should not overrule parents, but parents should relax some rules so grandchildren and grandparents can have a good time.
- Kids need activities. Let them trace their hands on paper and cut out turkey place cards.

CHEESE: THE TOOTH PROTECTOR

Researchers are focusing on foods that protect against tooth decay. According to *Nutrition Reviews*, cheese tops the list. Doctors say cheese thwarts cavities by neutralizing acids in plaque, by enhancing the removal of cavity-causing sugars, and by "remineralizing" tooth enamel with high amounts of calcium and phosphorus. Cheese is especially effective in protecting against tooth-root decay, a problem for older adults.

One caution: cheese is high in saturated fat and cholesterol, so don't eat too much of it.

HOW TO BEAT AFTERNOON SLUMP

If you feel sleepy in the afternoon, choose a snack that will boost your blood sugar level and keep it constant for the rest of the afternoon. Some good choices:

- Eat a banana and some string cheese to boost your energy.
- Try a box of whole-grain cereal with a small carton of low-fat milk, available in many places.
- Put two tablespoons of peanut butter on a rice cake or whole-wheat bread or crackers. The good monounsaturated fat in peanut butter is satisfying.

Quoted in *Men's Fitness*, Suzanne C. Eberle says these are other good options: lentil soup, vegetarian chili, bean salad, or low-fat bean dip with tortilla chips. Eberle is the author of *Endurance Sports Nutrition* (Human Kinetics).

GENERIC REDUCE DRUG BILLS

A wave of patent expirations is creating unprecedented opportunities for patients to reduce their drug costs, and still get medicine that is chemically identical to high-priced branded versions.

For example, Lovastatin is the generic version of the cholesterol lowering Mevacor. And Fluoxetine hydrochloride is the generic version of Prozac. Ranitidine hydrochloride is the generic of Zantac. You might be able to save up to half the cost of the branded version.

NUTCRACKER BALLET

The Fort Wayne Philharmonic and the Fort Wayne Ballet Will join forces on Friday, December 6 and Saturday, December 7, to present Tchaikovsky's The Nutcracker at the Performing Arts Center, 303 E. Main St., Fort Wayne.

Performances will be at 8:00 p.m. each evening. This collaboration between two of Fort Wayne's best-known arts performance groups is an annual holiday event.

The Nutcracker presents an opportunity to hear some of the most beloved music associated with the holiday in a performance of live music and dance. The ballet was composed in 1892 by Peter Tchaikovsky and has become a family holiday favorite. Familiar characters such as The Mouse King, The Nutcracker, Herr Drosselmeyer and Clara will be seen on stage dancing to music such as "Chinese Dance", "Waltz of the Flowers" and "Dance of the Sugar Plum Fairy".

The Fort Wayne Philharmonic

will be led by Music Director Edvard Tchivzhel, now in his ninth season with the orchestra. The Fort Wayne Ballet is directed by Karen Gibbons-Brown. Both groups are fully-funded members of Arts United of Greater Fort Wayne.

Tickets, priced at \$23.50, may be purchased at the Philharmonic Box Office, 2340 Fairfield Av., Fort Wayne, over the telephone at 260-456-2224, or online at www.fortwaynephilharmonic.com. Tickets are also available one hour prior to performance at the Performing Arts Center.

CLICK IT OR TICKET

The fatality rate for teenage drivers is about four times as high as the rate for those drivers age 25-69. Motor vehicle crashes are the leading cause of death for teenagers 15-20 years old.

During the upcoming holiday season, Huntington County Police Agencies will be patrolling local roadways looking for drivers and passengers not buckled up - especially young drivers. The increased enforcement is part of Click It or Ticket, a program of the Governor's Council on Impaired & Dangerous Driving. Accompanying enforcement efforts will be a television and radio campaign especially focused on Indiana's young drivers.

"If teens would just take two seconds to buckle up, it could save their life," stated Chief Terry

Stoffel, Huntington Police Department.

Law enforcement officers from Huntington, Huntington County and Warren will continue in their commitment with Click It or Ticket. This Click It or Ticket campaign is in conjunction with Operation ABC (America Buckles Up Children) Mobilization. ABC Mobilization is a nationwide enforcement effort to crack down on those drivers who fail to buckle up themselves and their child passengers. Increased traffic enforcement begins on November 17.

"It's important for everyone to buckle up," said John Kreiger, Huntington Police Department, "but our teenage drivers seem to need a bit more of a reminder."

Law enforcement agencies from across the state participate in Click It or Ticket. The Governor's Council, a division of the Indiana Criminal Justice Institute, implemented the program to increase Indiana's seatbelt usage rate. The Council, along with departmental efforts from Huntington County Agencies, is committed to increase seat belt usage and decrease impaired driving crashes, fatalities and injuries.

For more information regarding Click It or Ticket, please contact Huntington Police Department at 356-7110 or the Governor's Council at (317)232-1295 or visit www.in.gov/cji.

BABYSITTER'S TRAINING

To help improve the safety of young children left in the care of adolescents, the Huntington County Chapter of the American Red Cross is offering Babysitters Training on Saturday, November 23, from 8-4:30 p.m. at Parkview Huntington Hospital, 2001 Stults Road. This course instructs youth on how to care for infant through school age children by teaching them how to prevent injuries and what to do if an emergency arises.

The American Red Cross Babysitters Training is designed for youth age 11-15. It provides adolescents with a range of injury prevention, first aid, and basic childcare skills. Participants work on projects such as identifying safety problems around the house and yard, and selecting appropriate toys and games for children of various ages. Babysitters Training also builds decision-making and leadership skills and addresses the business of babysitting and how to seek babysitting jobs in a professional manner.

The Red Cross is offering Babysitters Training not only to equip youth with the knowledge of how to keep children and themselves safe but also to give parents the peace of mind they need when leaving their children at home with a sitter.

Payment of \$30 per student is required at the time of registration. All registrations are needed

at the Red Cross office, 12 West Market Street, by Wednesday, November 20. Participants are asked to bring a sack lunch.

WINDOWS COMPUTER TIPS

Skip the Recycle Bin Confirmation Message

When you delete items by moving them to the Recycle Bin, Windows displays a message confirming the deletion: "Are you sure you want to send *FILENAME* to the Recycle Bin?" If you're tired of clicking an answer to that question, you can configure Windows XP to skip the confirmation message whether or not you're using the Recycle Bin.

1. Right-click the **Recycle Bin**, and then click **Properties**.

2. In the **Recycle Bin Properties** dialog box, clear the **Display delete confirmation dialog** check box, and then click **OK**.

If you don't want to use the Recycle Bin at all, in the Recycle Bin Properties dialog box, select the **Do not move files to the Recycle Bin. Remove files immediately when deleted** check box.

Don't Ignore the Windows Logo Key

The Windows logo key, located in the bottom row of most computer keyboards is a little-used treasure. Don't ignore it. It is the shortcut anchor for the following commands:

· Windows: Display the Start menu

· Windows + D: Minimize or restore all windows

· Windows + E: Display Windows Explorer

· Windows + F: Display Search for files

· Windows + Ctrl + F: Display Search for computer

· Windows + F1: Display Help and Support Center

· Windows + R: Display Run dialog box

· Windows + break: Display System Properties dialog box

· Windows + shift + M: Undo minimize all windows

· Windows + L: Lock the workstation

TOOTH TIPS

By: Dr. Kevin J DeaKyne DDS, PC
EXTRACTIONS AND POST OP TIPS

An extraction is a removal of one or more teeth for various reasons. Either your general dentist or a specialist called an oral surgeon using local anesthetic and/or I.V. sedation performs this procedure.

Unfortunately, in this day of fluoridated water, toothpaste, brushes and floss, patients still have teeth that are decayed beyond repair, so an extraction is the only option.

Other reasons for an extraction are wisdom teeth (3rd molars) that need removed, periodontal disease or bone loss, trauma, cracked teeth, or orthodontic reasons.

After removal of teeth there are some tips to help the patient cope postoperatively. They are as follows:

1. Apply pressure with gauze for 15-30 minutes after treatment to stop hemorrhage.

2. If the bleeding continues a moistened tea bag placed over the extraction site and continuing to apply pressure should help.

3. Also, patients need to take pain medication before the anesthetic wears off. Post op pain is then more easily controlled.

4. Refrain from smoking for 2-3 days.

5. No rinsing or swishing around the site.

6. Avoid carbonated drinks.

There are cases when a patient can develop a "Dry Socket", meaning that the blood clot was lost from the extraction site. This results in great discomfort. You will need to see your dentist to have them treat the site with a dressing one or more times until this area is healed.

AFTER SCHOOL STORIES

Eight children attended the After School Story Time at the Van Buren Public Library on Friday November 15th, 2002 for National Game and Puzzle Day.

As the children entered the library they received a search and match leaf puzzle page to do.

A contest was held to see who could color the fastest and neatest picture of a turkey. The children voted and Conner Pannell was the winner.

The children were given permission to enjoy all the games and puzzles that were laid out. They really had a good time, playing the games they wanted to play. They enjoyed checkers, basketball games, search a word puzzles, jacks, board puzzles and many other activities. The library has game books and search and find books the children can check out and enjoy. They enjoyed their snack as they drew around their hand for a thanksgiving cookie; they will enjoy next week, when we have our Thanksgiving Celebration.

Attending were Danielle Scott, Seth Wright, David Irwin, Austin Miller, Connor Pannell, Cameron Riddle, Icily Cromer, and Cassie Davis.

HEATING TRAINING

The annual Amana Heating Products meeting was held in Warsaw, Indiana on the evening of November 12. The meeting was attended by the following employees of Bolinger's Propane and Warren Service & Supply: Mike Bolinger, Tim Leidig, Rick Karst, Nathan Hultz, Dan Perry, Todd Heyde, and Stan Taylor.

The seminar reviewed the updates on Amana heating products and training covered the variable speed motor on the Amana 95% efficient furnace, and the servicing of Amana furnaces. The

employees and owners of Bolinger's strive to offer the best technology in heating products and the most knowledgeable service techs in their field.

SURFING THE WEB

Today you can get more than you ever dreamed of on the Internet—you can order pizzas, bid on an antique lamp, and arrange travel reservations twenty-four hours a day, seven days a week from the comfort of your home computer. And it can help ease some of your holiday shopping and party planning headaches. But how do you get the most out of the Internet and stay safe too?

Learn the ins and outs of Internet auctions and how to protect yourself when shopping online with Internet Auctions: A Guide for Buyers and Sellers from the Federal Trade Commission (FTC). Find out about the different types of auctions, concerns to keep in mind, tips for buying and selling, and who to contact for help. Learn about the benefits of shopping online and how to protect your personal information with Shop Safely Online from the FTC and American Express. Use the glossary in Site Seeing on the Internet to learn the lingo of the Net and follow its useful tips for protecting your children while they are online.

Before you buy anything in an Internet auction, know who is selling the item. Verify the seller's identity before you place the bid. Be suspicious of sellers you can't identify—it may be impossible to contact them if something goes wrong after the sale. Get his or her telephone number and try it out—to make sure you have another way to contact the seller besides e-mail.

This same rule applies with more traditional e-tailers. Shop only with companies you know. If you're not familiar with the company, request its catalog. Look for the company's refund and return policies and understand them before you buy.

Learn more with the "Surfing the Web" package. This package costs \$2.00. And you'll also receive a bonus publication on getting online. There are three easy
