## Tis No MORE

The Town provided brush/limb collection point at the Scout Cabin has been closed due to the dumping of trash such as furniture, paint and tires. In addition, unknown persons have been igniting the brush pile leaving an unattended fire and a smoke situation exists when burning is done. A solution is being sought and a system will be put in place to once again provide service to those people living in Town.

## COLLECTING FOOD

The office of Kevin DeaKyne, DDS, will be collecting non-perishable foods and toiletry items for the Bread of Life Food Pantry.

They will be collecting these items until December 16th, in an effort to help during the holiday season. If you would like to help, please bring your items to our office during business hours. We appreciate your support for this project.

## SCARECROW FESTIVAL CHILI COOK-OFF

There are several booths left in the Warren Area Chamber Chili Cook-Off or (W.A.C.C.C.O.) held during this year's Scarecrow Festival, Friday, October 29 from 6:00pm to 8:00pm.

The Chamber Chili Cook-Off People's Choice Award

Minimum of 3 gallons. Chili must have beans or filler and can be prepared prior to event but must be ready to serve by 6:00 pm. There will be no entry fee, but participants must register prior to October 26. Serving starts at 6:00 p.m. The winner will be chosen by a panel of judges, and announced by 7:30pm. Prizes will include trophies, "Warren Bucks" (redeemable for product from many Chamber members), and the incredible envy of your neighbors as you are crowned the Scarecrow Festival's W.A.C.C.C.O. King or Queen and will reign with that title for an entire year.

Showmanship/Best Booth Award - What is the Showmanship award? Each chili team is encouraged to decorate their booth. Selection of you team's name can assist in the decorations. Some examples: Participants in a western themed booth called "Smokin' Guns Hot Texas Chili" might all wear cowboy apparel. Participants in a booth named "Congressional Chili" might wear 3 piece suits and make promises they can't keep. Your imagination is the limit for this family friendly evening!

Judging for this award will be public and cast by donation. Whichever team collects the most donations for the best decorated booth (and/or any skits preformed by the teams) will be pronounced the winner. Your booth space will be approximately an 8' x 6' space. Each team is responsible for its own decorations, covering,

tables, and cook stove. (Want to know a secret about how to win? Get a lot of people involved with your team! You all can have fun. Utensils will be provided by the Chamber. All donations received will go toward next year's Scarecrow Festival.

If you are interested in participating in the Warren Area Chamber Chili Cook-Off (W.A.C.C.C.O.), contact Clint Glessner at the furniture store at 375-3600. First entrants get the best booth sites so call soon!!

## DELIVER SIGHT & SOUND

On Saturday, Oct. 2, 2004, Mail Carriers across the state of Indiana will DELIVER SIGHT AND SOUND to thousands in need. Postmaster Debbie Echelbarger, Van Buren Post Office, would like to announce the participation in this program for the Van Buren delivery area.

US Postal Service Mail Carriers have teamed up with the LIONS CLUB of Indiana to collect used eyeglasses and hearing aids from customers along their routes. Customers are asked to place donated items in plastic bags and hang them from their mailbox for carriers to pick up during their normal delivery schedule.

Collected items will be sent to the Lions Recycling Center in Upland Indiana-the largest recovery center in the world. They process over a million and a half glasses a year and ship out 120,000 glasses a month.

Glasses are cleaned, in-

spected, catalogued and boxed at three different correctional facilities in the state.

The hearing aids are recycled through the Indiana Lions Hearing Aid Loaner Program at Riley Hospital in Indianapolis. They stay in Indiana.

The first year for this program was 2002 and was held in the 479 Lafayette Indiana Postal Delivery area. More than 3000 eyeglasses and 100 hearing aids were collected. After such a wonderful response, it turned into a statewide event in 2003. Over 27,000 pairs of glasses and 300 hearing aids were collected. We hope to surpass those numbers this year.

Thousands in developing countries have their vision restored because someone in this country chose to recycle used eyeglasses.

## SUCCESSFUL CAMPAIGN

The Huntington Police Department and Huntington County Sheriff's Department recently participated in a nationwide impaired driving enforcement campaign dedicated to removing impaired drivers from Indiana roadways. The enforcement campaign began August 27 and ended September 12.

"Our overall goal is to make the roads safer for everyone to travel," said John Kreiger. "We feel this campaign was successful because we sent a strong message to the community that impaired driving is illegal and will not be tolerated under any circumstances."

Not only did Huntington officers take impaired drivers off the road, but they also had one stolen car recovered and a possession of marijuana charge.

More than 17,000 motorists were killed in alcohol-related crashes in the United States last year, and 269 motorists on

## KUDOS, KICKS & KARATS

### SOME KIDS ARE 'TRIPPING' ON COUGH MEDICINE

Kids as young as age 10 have discovered that gulping down cough medicine can give them a high similar to PCP or heroin, inducing intoxication, visions, and hallucinations.

It's the dextromethorphan (DXM) in cough suppressants that does it. Medicines with DXM include Robitussin, Coricidin HBP Cough & Cold, and Contac. At the recommended dosage, DXM is perfectly safe. At 10 times the recommended dosage, it is very dangerous.

Overdoses can cause confusion, dizziness, the inability to move limbs or to talk, slowed breathing, and even death. Most children who died from an overdose acted intoxicated before death.

### TEENS AND ON-THE-JOB INJURIES

Whether it's a part-time job or full time during vacations, teenagers are twice as likely as adults to get hurt on the job. A working teen can be eager but is inexperienced in the areas of work, life, and safety. Each year, more than 70,000 working teenagers are seen in emergency rooms because of injuries, according to the National Institute for Occupational Safety. The cause is unclear. It could be a combination of immaturity, lack of training, or a sense of invincibility.

Parents should impress upon teens that there are dangers in every kind of work so being careful is very important.

### BREATHE EASIER AT HOME

The American Lung Association says these steps will reduce air pollution:

Basement: Keep humidity levels below 50 percent. Add an air-cleaning filter to the furnace or central air-conditioning unit. Change the filter every three months.

Living room: Wipe off items on shelves and tables at least every two weeks to reduce buildup of dust and pollen.

Install a ventilation system to remove emissions of gases. Keep a window open if an air vent doesn't exist.

Bedroom: Wash bed linens in hot (130 degree) water at least weekly to reduce exposure to dust mites.

Bathroom: Avoid moisture buildup by running the exhaust fan frequently or opening the window a crack.

. Attic: Repair roof leaks.

### FINDING THE RIGHT WORDS

A marriage therapist in Tallahassee, Fla., says most of us are guilty of hurting those we love with our words. He says our words have incredible power. If you realize you have been "nicking" the one you love, he recommends that you:

. Use your words to comfort, not curse.

. Use words to heal, not hurt.

. Use words to build up, not tear down.

Apologize for hurtful words and promise to control your wording, and keep that promise.

Indiana roadways lost their lives in 2002 as a result of alcohol-related crashes.

In Indiana, the legal blood alcohol concentration (BAC) limit for operation of a motor vehicle is 0.08.

"There are no options when it comes to drinking and driving. You just don't do it. Designate a driver, call a cab or find another way home, but don't get behind the wheel," Kreiger said.

The Governor's Council on Impaired & Dangerous Driving, a division of the Indiana Criminal Justice Institute, administers impaired driving and seat belt enforcement campaigns in Indiana. The National Highway Traffic Safety Administration provides federal funding for these programs.

### CHINESE ACROBATS

The Huntington College Community Arts Program is pleased to present the Chinese Golden Dragon Acrobats on Friday, October 1, 2004. The troupe will perform in the Zurcher Auditorium of the Merillat Centre for the Arts at 7:30 p.m.

The Chinese Golden Dragon Acrobats represent an honored tradition, combining award-winning acrobatics, traditional dance, spectacular costumes, and ancient and contemporary theatrical techniques to present a show of breathtaking skill and spellbinding beauty. The troupe has become the world's leading Chinese acrobats, performing more than any such company. Their physical feats, grace and elaborate traditional costumes have taken them to all 50 states in the US, and over 65 countries on five continents.

For more information or to reserve tickets for the event at a cost between \$11 and \$15, depending on seating section, contact the Merillat Centre for the Arts Box Office at (260) 359-4261. Seniors and students receive a \$2 discount.

The performance of the Chinese Golden Dragon Acrobats has been underwritten by Northeast Indiana Public Radio WBOI/WBNI.

Huntington College is a comprehensive Christian college of the liberal arts offering graduate and undergraduate programs in more than 70 aca-

ademic concentrations. US News & World Report ranks Huntington among the top comprehensive colleges in the Midwest. Founded in 1897 by the Church of the United Brethren in Christ, Huntington College is located on a contemporary, lakeside campus in Huntington, Indiana. The College is a member of the Council for Christian Colleges and Universities (CCCCU) and was named one of the 50 best Christian places to work by Christianity Today magazine.

### HOMEcoming SET

Huntington College will hold its annual Homecoming celebrations on October 1-2, 2004. Various activities and events centered around the theme, "A Global Adventure," will be held throughout the weekend along with Forester athletic events and the annual Davis Hall Follies. The public is cordially invited to attend the various activities and events. For more information about Homecoming, contact the Huntington College Alumni Office at (260) 359-4047.

### MEETING CANCELLED

The Town Council of the Town of Warren has cancelled the regularly scheduled meeting of September 27th due to the Indiana Association of Cities and Towns Annual Conference and other planned absences of Council members. The meeting has not been rescheduled at this time, and will not be unless official business needs

to be considered prior to the regularly scheduled meeting of October 11th.

### BLANKET DRIVE

"Project Linus Blanket Drive" will be held October 18-23, 2004 at Edwards Sewing Center, 4114 N. Clinton, Fort Wayne. The blankets will also be collected at the following sites: JoAnn Fabrics & Crafts, 3801 Coldwater Road; Quilt Fabric Shop, 481 E. Dupont Road; Celebrity Kids Portrait Studios, 4240 W. Jefferson Blvd.; (all in Fort Wayne), City Hall, 815 Lincoln Hwy E., New Haven; and Awesome Hair & Quilts, 122 N. Johnson Street, Bluffton.

The mission of Project Linus is to offer a child who is seriously ill, traumatized or otherwise in need, a blanket for love, a sense of security, warmth, and comfort. The blanket is theirs to keep.

Gifts of new, handmade, washable blankets, quilts and afghans, lovingly crafted by volunteer "blanketeers", will be collected October 18-23 at the above sites.

On October 23, 2004, (National Make A Difference Day), volunteers will meet at Edwards Sewing Center from 10 a.m. to 2 p.m. to sew the Project Linus labels on all the blankets that were collected during the week.

The label reads: "Made With Tender Loving Care for Project Linus." From there, volunteers will go out into the community and deliver the blankets. (Children's Hope Hospitality

House, Lutheran Children's Hospital, SCAN, Parkview Hospital, and Dupont Hospital will be among the facilities receiving blankets that day.)

The Fort Wayne/Northeast Indiana Chapter Of Project Linus began just 6 months ago by Peggy Albertson. The 100% volunteer non-profit organization has now delivered over one million handmade blankets to children in need worldwide and over 200 blankets to children in our community.

For more information on the

Project Linus Blanket Drive and to learn more about Project Linus, please call Peggy Albertson at 260/749-6595 or [pegalb@msn.com](mailto:pegalb@msn.com) or visit the national website at [www.projectlinus.org](http://www.projectlinus.org).

## COUNCIL NOTES

President Harold Jones conducted the Sept. 13 meeting of the Warren Town Council in Assembly Hall. The meeting opened at 6:30 p.m. with the Pledge to the American Flag.

A Public Hearing was held for approval of Ordinance 2004-9. This pertains to various fees as appearing in the Town Code related to electric connection fees and sewer\connection deposits.

Minutes of the Aug. 23 meeting were approved as submitted.

A citizen in attendance was concerned why the street in front of their house was not paved where the street had been dug up for the sewer project. The area in question is located at Tenth and Main Streets. Also gravel and dirt had been dumped at a culvert at that location during the sewage project. The Utility Manager will check the situation.

Another citizen in attendance was concerned about trash fires on West Second Street on Town owned property. It was noted that many people dump brush at the location and then set it on fire, often causing so much smoke neighborhood residents are unable to sit outside.

A quote of \$9,601 was accepted for a furnace to be installed at Assembly Hall by Warren Service.

Council adopted Ordinance 2004-9 to establish sewer consumer deposit and electric connections as discussed in the Public Hearing.

Establishing of a stormwater utility was discussed as information is being collected.

The Assembly Hall improvement project was reported almost completed. Quotes are expected for siding the building. Council voted to make necessary repairs to the back of the building but no further work was approved.

The capital improvement plan for lights and water was explained. The plan is to be completed by the end of October.

Council is to read the Nuisance Abatement addition to Town Code. It was suggested this be entered as chapter 91.

An INDOT culvert replace-

ment on First Street is scheduled to start Oct. 11. The street is expected to be closed at least 30 days. Council approved an unofficial detour route as follows: Grover Street to Third street to State Road 218, and State Road 218 to Third Street to Grover Street.

Council agreed to accept a contract with Basic Wildlife Removal of Huntington in the amount of \$3,750.

There remained a problem with the Wastewater Project at the Cox property. Council agreed to hire Martin Seyfert Attorney to represent them. A quote was expected to be included from Bolingers for work which has not been done to the building.

Phase I of the Paving Project change order included approval of change order of \$6,758.90 and \$16,458.90 for the sewer portion of paving.

Phase II of the Paving Project change order was approved by Council in reduction of \$4,692.56, \$10,709.23. Final cost was \$62,000.

Connection of Municipal Water at Crazy D's was estimated at \$62,000.

Council approved Laser Printer Maintenance with Print Shop and Office Supplies.

Chamber of Commerce had requested closing of Wayne Street from First Street to Third Street on Oct. 29 for the Scarecrow Festival which Council approved.

Clerk-Treasurer Marilyn

Morrison presented the August Financial report.

Curtis Day reported from the Utility/Street Departments. Pole and wire replacements are underway.

Larry Poulson is expected to attend an IMEA conference in October.

The Park Board had met prior to the Council meeting. They hope to obtain lights from Huntington for the ball diamonds. A walk-through of the park was scheduled for Saturday, Sept. 18, weather permitting. The next Park Board meeting will be held in March.

Marilyn Morrison is scheduled to attend the annual IACT conference Sept. 26-30.

The Sept. 27 meeting of Council was cancelled.

Please consider sharing these with the Anniversary Committee. Many of you may have families living away from the area, please pass the information to them. We encourage informational items or articles that may be used for this exciting occasion. What great moments the county will ben-

efit from recalling the days of long ago!

The next meeting is on Thursday, October 7, 2004 at 7 p.m. Please come to the 1st floor of the Courthouse Annex—Senior Center—for the meeting. (The location is the old 1st National Building—first floor.)

## 40 DAYS OF PURPOSE

When Jefferson Center United Methodist Church launches it's "40 Days of Purpose Campaign" on October 9, it will join a worldwide network of thousands of churches.

Inspired by remarkable stories of spiritual renewal and growth, an estimated 13,000 churches from 60 denominations have experienced the purpose-driven phenomena inspired by a California pastor's best-selling book.

At the center of the campaign is the fastest-selling hard cover nonfiction book in history. *The Purpose Driven Life* has sold more than 16 million copies since the book's release in 2002.

The book's author, Rick Warren, is senior pastor of one of American's largest churches, Saddleback Church in Lake Forest, California. Following its 40 Days of Purpose Campaign two years ago, Saddleback Church baptized 671 new believers, added almost 1,200 new members, and increased average attendance by 2,000.

Two years ago the first 1,500 churches to hold a 40 Days of Purpose Campaign reported their worship attendance increased an average of 22 percent.

During the 40 Days of Purpose Campaign at Jefferson Center, the truths about God's five purposes for people – worship, fellowship, discipleship, ministry and evangelism – will be communicated repeatedly in five ways:

1. An all-church Simulcast seminar on October 9.
2. A weekly message by the pastor.
3. A personal or family daily devotional reading.
4. A weekly Scripture memory verse that everyone memorizes.
5. A weekly small group or Sunday school lesson.

To participate in this campaign, or for more information, call the Jefferson Center office at 375-2997.

## TOOTH TIPS

By: Dr. Kevin J DeaKyne DDS, PC

### What is Squamous Cell Carcinoma?

This is the most common type of oral cancer. Malignant tumors, or carcinomas are not a common oral problem, but they do occur. Smoking, excessive alcohol consumption, irritation from jagged teeth or ill-fitting dentures or partials and excessive exposure to sunlight can all contribute to the development of a tumor. About 7% of all malignancies occur on the lip, cheek, tongue or floor of the mouth. The lesion may begin as a small white area that develops into an ulcer. At the beginning and sometimes in an advanced stage, the lesion may be painless even though it bleeds easily. Any unusual growth or color change in your mouth or on your lip may be a sign that something is wrong. Tumors on the floor of the mouth or under the tongue are the most problematic because they can go undiagnosed for a long period of time. Any lesion that you notice that does not heal within two weeks should be brought to the attention of your dentist. As with all cancers early detection and treatment is critical. Visit your dentist regularly for oral cancer screenings.

### OLDER WORKERS WEEK

National Employ Older Workers Week is September 19 through 25, 2004.

The percentage of Hoosiers at or above retirement age is rapidly increasing. As our society ages, older workers can play an increasingly important role in maintaining the economy.

First celebrated during the Eisenhower Administration, National Employ Older Workers Week has been celebrated nearly every year since. This year, Governor Joseph Kernan signed a proclamation recognizing the week in Indiana.

The week's activities focus on recognizing the importance of including individuals over age 55 in the work force. This year, the week is also serving as a kick-off for a national campaign to raise awareness about the Department of Labor's Senior Community Service Employment Program (SCSEP).

This program provides job training and placement for individuals over age 55 with limited financial resources. The

contributions that older workers make to our society are immeasurable.

Aging and In-Home Services of Northeast Indiana, Inc. (AIHS) provides the SCSEP program in Adams, DeKalb, Huntington, LaGrange, Noble, Steuben, Wells and Whitley Counties. For more information, contact AIHS at (260)745.1200 or 1.800.552.3662.

### SOS GETAWAY

Thursday night at eight, a big white object rolled into town and lured eleven fine women out of town. As they pulled away from the Warren Methodist Church, they waved goodbye to distraught husbands and crying children (although some were cartwheeling!). Two spiritual warriors, Terry LeMaster and Doug DeWitt, braved the high estrogen environment to be our leaders for the getaway.

During the night we journeyed South West to Branson, Missouri. We ate breakfast along the shore of Taneycomo Lake, where the Trout got an occasional pancake treat as well. Devotions were held at Table Rock Lake followed by an invigorating hike along the lakeshore. Fine Dining and a Riverboat Show aboard the "ShowBoat Branson Belle" was our afternoon entertainment. Tears of laughter were shed! Then we headed to downtown

Branson... While some of the group enjoyed shopping, others enjoyed being serenaded at the "Hard Luck Diner". The day was capped off with the oldest entertainment show in Branson, The Baldknobbers! They performed country music, gospel music, comedy acts, and an awesome Patriotic Tribute to all areas of the Military! After the show we headed toward Eureka Springs, Arkansas, winding through the mountainous terrain of the Ozarks where as we've been told, "You can check your taillights as you go around the curves".

Saturday morning started with a breakfast in Mother Nature's backyard and off we headed to "Thorncrown Chapel". This Chapel is world known for being the 4th best Architectural Design of the Century. E.Fay Jones, a protégé of Frank Lloyd Wright, designed this majestic glass Chapel. The little glass Chapel on the side of the mountain was built to give travelers an opportunity to relax in an inspiring and peaceful way. Our SOS group shared in song, "Go Now in Peace", while at the spiritual Chapel. This is a must see stop for anyone traveling to the Ozarks! For more information on the Thorncrown Chapel, go to [www.Thorncrown.com](http://www.Thorncrown.com).

After a picnic lunch at the New Holy Land, we had Devo-

tions and ventured to the 67' (7 stories) statue of Jesus Christ, located on Magnetic Mountain. A 10' x 10' section of the Berlin Wall, complete with a biblical inscription, is located nearby, which captivates the essence of the human spirit. All eleven participated in the interactive tour of the New Holy Land. Biblically dressed characters transported us 2000 years back in time with informative and spiritual messages. The Passion Play's art galleries displayed the most uplifting and meaningful Christian Artwork. The featured artist, Ron DiCianni, glorifies God with his Creative, Breathtaking and Soul-Touching Paintings. For more information on him and his artwork go to [gppart.com](http://gppart.com). In the evening we relaxed as we listened to the "Parables of the Potter". As he molded the clay, he compared it to our bodies, which are vessels of God. This all led up to the Passion Play, a two hour, Thrilling, Epic, Drama of the "Greatest Story Ever Told". This play depicts the last week of Jesus Christ's life and is America's #1 attended outdoor drama, seating over 4000 people. The stage area is along a mountainside, Miracle Mountain, and includes a large portion of the biblical city, the last-supper room, the garden, the crosses, and the tomb. An Awe Inspiring day for all!

The big white object safely

returned Tamara Sparh, Linda Howell, Stacia Perry, Vicki Sieberns, Lana Myers, Rita Bolinger, Gina Canady, Cindy Boxell, Teresa Kreigbaum, Brenda Conner and Cheryl DeWeese all to their home town of Warren by 9:30 Sunday a.m.! What a quick trip packed full of amazing moments. If you see lots of smiles in town it's because the SOS girls were Spiritually Energized this weekend! God Bless You!

### TRI KAPPA MET

### STORY TIME

Twelve children attended Bug-A-Loo Day, the after school story time, at the Van Buren Public Library On Friday September 17th, 2004. The children entered into the children's department of the library they signed in and received a search-a-word to do on bugs.

Karen read from the book "Insects by Jen Green." We found out what an insect is all about. Karen also read the book "A Frog in The Bog" by Karma Wilson.

The children received a bug Autograph Book to color, decorate and pass around for everyone to Sign. It was a lot of fun signing our names.

Refreshments were cup cakes that were in a tin that looked like a caterpillar, face and all.

The refreshments were cupcakes and juice.

After refreshments we went outside in search of bugs. We found ants, spiders and a dead ladybug. What fun we had.

Those attending were: Kayla Shafer, Robert Tate, Nixon Smith, Icily Baker, Karlee Laypoole, Autum Smith, Phillip Dailey, Patrick Anderson, Eddie Quick, Emily Bryant, Olivia Bryant and Elizabeth Bryant.

### BAY VIEW READING

The Bay View Reading Club met September 14 in the Calico Room at the United Methodist Memorial Home. Lunch was served to tea members and two guests, Dorothy Garretson, who joined the club as a new member, and Carol Zurcher of Huntington.

Mabel Fields gave a most interesting talk about her experiences as a missionary along with her husband in Burundi, Congo and Angola in Africa. She dressed in typical African dress of those areas and shared several wood carvings, etc., along with many memories of their time there.

The President, Helen Stokes, conducted the business meeting, during which she read several changes needing to be made in our Constitution and Bylaws to bring them up to date. These had been discussed by the Committee and will be brought before the club for consideration at the next meeting October 12.

The committee for that meeting will be Helen Jo Strassner, Lavonna Myers and Willodean Thompson and will be a time to invite guests to share the day.

Virginia Olson won the door prize.

### LOVE THE ANTI-DRUG

(NAPS)—Picture the scene: you take your daughter to the mall and she doesn't want to walk too close to you, or you drop off your son at practice and he leaps out of the car practically before it's come to a stop.

You love your kids and want what's best for them, but sometimes it can be hard to demonstrate how much you love them, particularly as they grow up and become more independent.

Research shows that one of the best ways you can help your kids avoid drug use is by spending time with them. Here are some helpful suggestions for knowing what's going on in your child's world when they seem to close every door to you:

Be a good role model for your kids. There is no such thing as "do as I say not as I do" when raising children. If you take drugs or abuse alcohol, your children are observing and learning from your behavior. On the other hand, if you are a living, day-to-day example of your value system, your children will learn and emulate the compassion, honesty, generosity and openness that you want your children to have.

Be involved in your children's lives. According to behavioral scientist, Tony Biglan, Ph.D., there are simple ways to be part of your child's life:

1) Create "together time."—Start a tradition or fun, weekly routine to do something with your child, such as going out for ice cream.

2) Eat meals together as often as possible.—Mealtime is a great opportunity to talk about the day's events, unwind, and reinforce a family bond. Studies show that kids whose families eat together at least five times a week are less likely to be involved with drugs and alcohol.

3) Try to be home after school. The "danger zone" for drug use and other risky behavior is between 4 and 6 p.m. If you can, arrange to have flextime if it's available at your workplace. When your child will be with friends, make sure there is adult supervision.
