### WARREN RESIDENTS DELIVER!!

The Warren Post Office would like to thank all area residents who donated to the food drive conducted on Saturday, May 9th. This was our best year since I have been postmaster here and I am happy to say we collected over 250 pounds of food for the local food pantry here in Warren. Your generosity means so much to those in need in our community.

Stephanie Bauman, Postmaster

### VAN BUREN RESIDENT'S Do Too!!

I would like to take this opportunity to thank everyone involved in the Van Buren area for a very successful food drive sponsored by the National Association of Letter Carriers. A total of 850 pounds of food was collected and the total amount was donated to the local food pantry in Van Buren. I would like to thank the postal employees for their hard work in collecting, weighing, and delivering the food to the pantry. I would also like to extend my sincere thanks to all the postal patrons in the Van Buren area who so graciously donated the food. This was truly a team effort for a great cause. Thank you to all!

Sincerely,

### DEPRESSION

by V Neil Wyrick

Do you wish to do damage to depression when it comes to call. Then force yourself to chuckle or even laugh out loud as you diligently search for ways to avoid becoming a cynic. Meet a smiling person first thing every morning. Who? Yourself! That's right. Grin at the mirror. You will feel foolish because you don't feel like smiling. Smile anyway. Got some doubts. Go to the mirror every morning and frown at yourself. Does that work better?

When down days, bad hair days, don't feel like myself days come...attack them in all the ways you can. Maybe even with a few silly thoughts. Such as popping some popcorn in a container with no lid or creating a new language and then using it to ask for directions from some poor unsuspecting soul. This kind of thing isn't a solution. It's really only a band-aide, but band-aides have their place too in the healing of wounds.

A dear friend of mine was slowly dying of congestive heart failure, but she was so busy talking to and helping another friend who was dying of cancer, and several others with multiple problems, that she had less time to worry about herself. Depression takes time and effort, and reaching out to help others rather than reaching in to feel sorry for oneself really does work.

Seek an accepting spirit. If something is broke and you can't fix it, stop worrying yourself to death as if worry were an answer. Whether of the body or the spirit, if there is nothing that you can do about it... take one good long last look at the problem and file it away for good. Trouble is, some people have pop up files. They file their problem away and then keep going back to see if anything has changed - serving up a plate of rehashed worries over and over again.

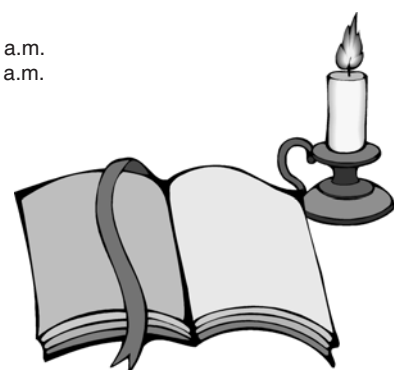

We human beings do sometimes need an addition to our stiff upper lip and/or deep spiritual prayer. There comes a time when we need some medicines to aid in our recovery, just as we need a doctor and an operation to do the same.

## AREA NEWS

### MEETING RESCHEDULED

An informal meeting for prospective Lions Club members will be held June 8, 2009 at 7 PM at the closed Lightening Five Cafe, across from the Dollar General Store. The previously scheduled meeting was rescheduled due to severe weather.

The Lions Club is open to men and women ages 18 and up. Lions Clubs International is the number one non-governmental organization. The Lions do many outstanding community projects. So come and see what Lions can do for the Warren Community. If you are unable to attend and want to know more contact Lonzo Bustos or email Lion Kathy Morton, [kmorton65@hotmail.com](mailto:kmorton65@hotmail.com) or call 260-344-1339.

### WHERE?

At a recent Van Buren Town Council meeting a group of young people showed up.

It seems these young people get together in the evening for fellowship in front of the old Opera House. They expressed to Council that they are being harassed about his. They were concerned about what they can do to prevent getting in to trouble.

Like most small towns, Van Buren has no place for young people to congregate.

Some who have passed the area say the young people "are respectful in their actions." According to reports they were respectful at the meeting also.

Council indicated they had received complaint about the young people congregating downtown. On the other hand there had been complaints that adults were trashing the Park.

It has been reported that a number of local citizens, including teenagers, had worked diligently to build that Park.

As it happens every summer there are concerns about skateboarding. An effort is being made to adopt an Ordinance for this sport.

Unfortunately when it comes to young people, some people approve and some don't.

This group of young people appears to be quite grown up in their thinking. At least they asked what to do to keep from getting into trouble.

### COUNCIL NOTES

Van Buren Town Council met on Wednesday evening, May 27. The meeting was held in the Council Room at Town Hall. President Tony Manry opened the meeting at 7 p.m. and all in attendance repeated the Pledge to the American Flag.

Those in attendance on behalf of the Van Buren Library encouraged Council members to

accept the name recently submitted for Library board member.

Some young people were in attendance and expressed concern about why they are being harassed because they hang out together in front of the old Opera House. It was noted that most of the young people are causing no problems. It is reminded that young people have no place to go for recreation. Those in attendance at Wednesday nights meeting were said to be very respectful. There had been some complaints to Council about the situation.

There were also complaints about skateboarders. Officer Pat Collins submitted a draft of an Ordinance of skateboarding rules. The matter will be acted on later.

Darryl Brane reported that plans for the 2009 Popcorn Festival are going well. Anyone interested in helping is welcome.

There were concerns about the number of people running the stop sign on the west side of town. Plans are to place signs for better viewing.

Superintendent Jim Webb gave a brief report on the waste water plant and said the project is coming along well.

### BAYVIEW MEMORIES

For many years this newspaper has reported the monthly activities and programs of the Bayview Reading Club of Warren. These reports have been read and appreciated by literally generations of women, and possibly a few men, too!

At the closing of the Club in 2008, a final article was printed in the paper. A collection of materials about the Club – its members, programs and celebrations, representing its history from 1921 through 2008 – was researched and organized by the last Secretary-Treasurer Margaret Bell, with a committee of two members, Rosalie Walter and Martha Rumble. These materials have been placed in the Warren Public Library, where they may be read and enjoyed by the public. There are minutes of meetings, alphabetical listings of members, and records of special events in the long history from 1921 forward.

Unfortunately, for whatever reason, no records or writings dating back to the date of origin of the Bayview Reading Club in Warren – 1897 – are available, but the materials from 1921 are very interesting. They represent the efforts of many women, who

found their lives enriched by reading and sharing both knowledge and friendship in a world increasingly open to women's talents and capabilities beyond the kitchen and nursery!

The Warren Public Library must be thanked for its offering of a safe place for both the storage and availability of the Bayview Reading Club's community contribution. The Library, the development of which was strongly supported in 1916 by the Bayview Reading Club, will assist anyone wishing to review this historical collection.

### LAUNCH INSTITUTE

Huntington University will launch a new initiative this summer designed to prepare educators for the Teaching of English to Speakers of Other Languages (TESOL).

Curriculum development, staffing, and the acquisition of equipment and library resources will begin this month.

The Institute for TESOL Studies and related academic courses are an outgrowth of long-term relationships between Huntington University faculty and educators in China. Dr. Luke Feters, who formerly worked 11 years in Macau, is under contract to provide teacher training in Zhuhai City, China. By the end of this summer, Feters and his team of Huntington faculty, local teachers and volunteers will have trained nearly 400 Chinese educators in English-teaching skills.

The university's new Institute for TESOL Studies will build upon this foundation and extend new learning opportunities to HU students. Feters will serve as the director of the institute.

"We anticipate tremendous benefits for Huntington University students, especially those planning careers in education or other professional service in an intercultural setting," said Feters. "Future teachers will be better prepared to teach students for whom English is not their first language. Ministry students, social workers and others also may have interest in TESOL training as they prepare to serve various non-English-speaking populations."

Dr. Terrell Peace, chair of HU's Department of Education, agrees. "There is growing demand for teachers and other professionals who have the ability to bridge cultural and language barriers," he said. "In our local school corporation, for example, the number of students for whom English is a second language has increased tenfold in the past eight years."

Pending state approval, the Institute for TESOL Studies will offer English as a New Language (ENL) certification for HU education students and area teachers. Huntington University also will offer a TESOL minor to HU students pursuing a degree in any discipline. Additional formal training and informal consulting in ENL and TESOL methodologies will be available to local, regional and international schools, agencies and social service organizations.

### TOP 100

MarkleBank is again ranked in the Top 100 Agricultural Banks in the country for the second year in a row as reported in the April 2009 edition of Ag Banker magazine. MarkleBank is number 78.

Rick Gentis, Executive Vice President of MarkleBank, states, "Throughout its history, MarkleBank has been a strong supporter of the agricultural businesses in our area. This ranking in the list of Top 100 Agricultural Banks is further evidence of our continued

commitment to those businesses. Agriculture is very important to our local economy and to MarkleBank."

MarkleBank provides loans to finance the purchase and construction of agricultural buildings, farmland, farm equipment, and livestock, as well as for operating expenses.

MarkleBank's Agribusiness Division has Relationship Bankers who are experts in agribusiness lending.

The award honors Brandi Reece, a Salamonie student, who lost her life in a car accident while in 3rd grade.

## TOOTH TIPS

**By: Dr. Kevin J DeaKyne DDS, PC**  
**KIDS, SODA POP & TOOTH DECAY**

We have become a "Soda Junkie" Society. In 2000 15 billion gallons were sold. That works out to at least one 12-ounce can per day for every man, woman and child.<sup>1</sup> How does the soda give you cavities? Sugar in your soda plus bacteria in your mouth equals acid. Acid attacks your teeth. Each attack last about 20 minutes. Statistics for soda with acidity (lower number is worse) and sugar content.<sup>2</sup>

#### Top 7 Acidity (ph) 7 is neutral

1. Pepsi 2.49
2. Coke 2.53
3. Orange Minute Maid 2.80
4. Hawaiian Fruit Punch 2.82
5. Squirt 2.85
6. Diet Pepsi 3.05
7. Diet Coke 3.39

#### Top 7 Highest Sugar

1. Grape Minute Maid 11.9 tsp
- Orange Slice 11.9 tsp.
2. Orange Minute Maid 11.2tsp
3. Mountain Dew 11.0 tsp
4. Barq's Root Beer 10.7 tsp
5. Hawaiian Fruit Punch 10.2tsp
6. Pepsi 9.8 tsp
7. Coke 9.3 tsp

60% of all public and private middle schools and high schools nationwide sell soda pop (Elem. Schools?). This has led to drastic increases in tooth decay in kids (and adults) along with other possible health problems including obesity, caffeine dependence, and weakened bones. We can reduce the chances for tooth decay by drinking soft drinks in moderation. No sipping for extended period of time. Ongoing sipping prolongs sugar and acid attacks on your teeth. Use a straw to keep sugar away from your teeth. Drinking more water to dilute sugar and acid. (It's better for you anyway!) Some other ways to help reduce decay is good brushing and flossing habits with regular checkups and cleanings at your dentist.

### FINANCIAL GUIDANCE

If you're an active duty service member or the spouse of one, you know you face unique challenges when it comes to managing your money. How do you prepare financially for the inevitable change of duty station or for a deployment? Who pays the bills when a single service member is deployed? Should you buy or rent when you'll probably move again in three years? Find the answers to these and other questions in *Money and Mobility: For Military Personnel and Families*, a free brochure from the U.S. Department of the Treasury, the FINRA Investor Education Foundation, and the Federal Citizen Information Center. In it, you'll find checklists for organizing your finances, explanations of the laws in place to help you, and tips to help you avoid money drains and stay out of debt. To order a copy, send your name and address to the Federal Citizen Information Center, Dept. 596T, Pueblo, CO 81009. Or call toll-free 1 (888) 8 PUEBLO, that's 1 (888) 878-3256, and ask for Item 596T. And visit [www.pueblo.gsa.gov](http://www.pueblo.gsa.gov) to read or print this and hundreds of other FCIC publications for free.

### HOW TO PREPARE

Tornado, earthquake, flood, wildfire—an emergency, natural or man-made, can happen anytime. No one wants to think it could happen to them, but if it does, the

emergency will probably be less scary if you've taken some time to prepare. Spend a few minutes planning how you'll communicate with family members, deciding where you'll go if you need to leave home, and gathering supplies for an emergency kit. And use *Preparing Makes Sense: Get Ready Now*, a booklet from the U.S. Department of Homeland Security and the Federal Citizen Information Center, as a guide. Its helpful checklists and straightforward tips will help you be prepared, not panicked, if an emergency does happen. For a copy, send your name, address, and a check or money order for 50¢ to the Federal Citizen Information Center, Dept. 323R, Pueblo, CO 81009. Or call toll-free 1 (888) 8 PUEBLO, that's 1 (888) 878-3256, and ask for Item 323R. Have your credit card handy. And visit [www.pueblo.gsa.gov](http://www.pueblo.gsa.gov) to read or print this and hundreds of other FCIC publications for free.

### ALBINO ROBIN

Dakota and Chayton Foster of Warren found an albino robin (pictured above) in Warren after the storm on June 1<sup>st</sup>. The last known sighting of an albino robin was in Indianapolis on April 25 of this year. There is no record of one being seen in Indiana before that.

### MORE PAGE 2

We need to be able to take Prozac, or Effexor or Paxil with no more of a sense of guilt than we have for taking chemo, or about a knee operation. And why not? Do not most people take insulin for diabetes, or aspirin for a headache, or anesthesia before the doctor applies his knife?

Sometimes the best thing to remember is that most people in real depression recover within six months; therefore "Yes" the odds are in your favor. Meanwhile, when the weight of your negative thoughts weigh a thousand pounds and seem to be growing heavier by the minute; give such thoughts some muted silence. Seek an emotional whiteout. Just let the soft breeze of nothingness blow for a while.

Get on the other side of the window. Open the door and go for a walk. Don't close the door and sag for a sit. Movement has

its own power of persuasion. Turn up some music and dance to the tune. An elevated pulse count can make you feel better, not well and happy necessarily, but better.

Don't do drugs. Cut out or cut down on alcohol. Stimulants are no friends either. You are looking for good health...not ways to lessen it. Donate yourself to some worthy causes. Selflessness is by its very nature an upper.

Eliminate the word depression from your vocabulary. If you can't eliminate thinking the word or even

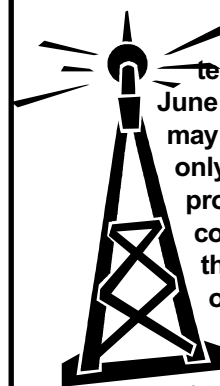

saying it, cut down on the repetitions. Repeating over and over again "I am depressed" can only make you more so.

### DIAMOND WINNER

Pictured is Kevin Killen holding the ring that was earned for overall profitability, and a diamond that is in it that was earned for overall written premium growth.

## DIGITAL TELEVISION TRANSITION NOTICE

The nationwide switch to digital television broadcasting will be complete on June 12, 2009, but your local television stations may switch sooner. After the switch, analog-only television sets that receive TV programming through an antenna will need a converter box to continue to receive over-the-air TV. Watch your local stations to find out when they will turn off their analog signal and switch to digital-only broadcasting. Analog-only TVs should

continue to work as before to receive low power, Class A or translator television stations and with cable and satellite TV services, gaming consoles, VCRs, DVD players, and similar products.

If you currently subscribe to Warren Cable's programming, this transition will not affect your signal. However, if you pull your programming from an antenna and currently have an analog TV set, you may need additional equipment (i.e. converter box) or replace your set with a digital ready TV.

Information about the DTV transition is available from your local television stations, [www.DTV.gov](http://www.DTV.gov), 1-888-CALL-FCC (TTY 1-888-TELL-FCC), or contact Warren Cable Company at 375-2115. Contact [www.dtv2009.gov](http://www.dtv2009.gov) or 1-888-DTV-2009 (TTY 1-877-530-2634) for information about subsidized coupons for digital-to-analog converter boxes.
