SSF CONCERTS

The Wagon Wheel Bar & Grill is proud to announce the Salamonie Summer Festival 4th of July Concert Series presented by Today's Best & Most Country K105 taking place in Warren, July 1st &

2nd.

The weekend kicks off with the award-winning, national recording artist Emerson Drive taking the stage with special guests Huckleberry Blue. The Canadian born country band is best known for such smash hits as "Moments," "I Should Be Sleeping", "Fall Into Me" and more. "We are absolutely thrilled to be able to bring a group with as much talent as Emerson Drive to Warren. They put on a great show and it will be a great night for our town and our Salamonie Summer Festival," said Joel Buzzard, spokesman for the Wagon Wheel.

On Saturday, Indiana native and college circuit veteran Rich Hardesty promises to bring the party with Fort Wayne's own Left Lane Cruiser. Hardesty's Feel Good brand of music delivers a rock based mixed with funk and reggae while Left Lane Cruiser adds some hard driving rock. "Saturday night promises to be a lot of fun. Rich knows how to make sure everyone has a good time and

people will be very happy with Left Lane Cruiser. Once you see them, they speak for themselves but we are excited for the opportunity to introduce them here," Buzzard said. The festivities conclude with the after-concert party inside the Wagon Wheel featuring Rich Hardesty beginning at midnight.

Tickets are on sale now by calling the Wagon Wheel box office at 260.375.9960 or at the Wagon Wheel. Tickets for Emerson Drive are \$8 in advance and \$10 day of show. Tickets for Rich Hardesty & Left Lane Cruiser are \$6 in advance and \$8 day of show. Tickets are also available at K105 Studios, 2915 Maples Road, Fort Wayne and at Bob Troyer Realty 16 East Market Street, Huntington. All concerts take place behind the Wagon Wheel Bar & Grill located at 215 North Wayne Street in Warren. All shows are all ages. Food, drinks, beer and a full bar will be available for patrons.

FROM TOWN HALL

Trashpick-up will be on Friday, July 8th instead of the usual schedule of Thursday. If using barrels or any other container for trash, please place the garbage in bags as the barrels/containers become too heavy for lifting, especially when filled with rain.

Reminder - Placement of signs is not allowed on electric poles within the Town due to destruction to the finish on the downtown poles and the failure of some to remove the signs after the event on all poles. The signs will be removed and a \$25 fine can be assessed.

Pavilions at Tower Park may be reserved. There is no fee for use although it is expected that the user will clean the area and make sure that lights are turned off. Call the Clerk-Treasurer's office, 375-2656, to make the reservation and to check availability. If you do not have a reservation and wish to use a pavilion, please check to see if a sign is posted noting the pavilion is reserved.

Tower Park is a municipal park and as such, many hours and dollars go into maintenance and to improvements. If you notice vandalism being done at the park, please notify the police department or the Clerk-Treasurer's Office with description or names of the individuals so that steps can be taken. Vandalism to the restrooms and to the playground equipment, as well as to other items in the park, is an ongoing issue and more recently has resulted in the removal of one set of playground equipment.

We appreciate your help in this matter.

Van Buren Public Library's summer reading program, enabling the development of our future community leaders. Supporting educational endeavors helps raise the quality of life in communities where we live and work and also reflects Vectren's commitment to provide more than just reliable utility service to Grant County."

This year's program, which is themed One World Many Stories, is funded almost entirely from this grant from Vectren. Participants gain prizes and awards based on how much reading is done. There are also meetings every Thursday from 11:00 to 12:00 at the library. Kids (and adults) enjoy games and crafts and also learn about a different country each week.

"We have been really pleased with the interest shown this year," stated Eric Hinderliter, director of the Van Buren Public Library. Participation has increased this year with 80 children and adults signed up. "It's good to see families reading together in this program. It makes for a special family experience."

It is not too late to get involved. Those interested may stop in at the library to sign up or simply come to one of the Thursday meetings. For more information, please call the Van Buren Public Library at (765) 934-2171.

There were many small shops around Warren in the old days [1890s]. William Scott had operated a cooper's shop in back of the lot on the corner of 4th and Nancy Streets. A lot of newly made barrels were piled outside. A block north of Scott's shop, Frame Love made pumps. In those days water wells were shallow and the wooden tubing was made by boring a hole with a long shanked auger through a long slender poplar sapling from end to end. It took a good and a steady hand to guide the long

auger, with a long six or eight foot shank, from one end of a slender pole to the other without having it come to the surface before the end of the pole was reached. The ends of the tubing were shaved to fit wooden couplings which bound them together to get the required length.

There were different kinds of manufacturing in the early days. Henderson's chair factory was located where Eckmans was. There was Horseman's felt factory, Jason Brown's cabinet and coffin shop and Witner's tan yard. One of the very earliest was an Ashery on Third Street which gave the name of "Ashery Road" to the highway going eastward by the Woodlawn Cemetery.

An Ashery was a place where the early settlers hauled ash from the great log heaps after they burned. The town's people could get ready cash for the ashes, which was one of the few things for which there was a constant open market when a little money was badly needed. The ashes were put in a hopper to be leached and the lye was allowed to run out into shallow pans where evaporation removed the water. The potash was then shipped out. Much of it was later made into saleratus [sodium carbonate] used a lot by housewives

instead of soda. It made very yellow biscuits but was rather hard on the digestion.

The Salamonie Museum will be open during the festival on Saturday July 2 from 10:00 am to 4:00 pm and Sunday July 3 from 12:00 to 4:00 pm.
