IN RESPONSE — CAN MAN

DEAR MRS. CAN MAN

I work at a facility for people with disabilities, I am not familiar with your story but it broke my heart. You've got to be kidding "beat it into his memory", what is wrong with people? If the Can Man isn't hurting himself or anyone else what's the problem? For the people who have a problem with him maybe they should someday go and visit a facility for people with disabilities they might learn something like "compassion", God forbid they ever have a child born with disabilities or have an accident that causes a physical or mental disability for someone they love or for themselves they would sure think different about how they treat people with disabilities. Mrs. Can Man, do not lock him away, it could cause more mental harm to him than you realize, or quit your job, let him continue as he is and hope he doesn't have to deal with the cruelty or people anymore or that if someone sees someone be cruel to him they will come to his defense.

We hope his recovery is going well.

ANOTHER RESPONSE

This world would be a happy and peaceful place to live if all of us could follow Dave's unfailing good nature and "can"-do attitude. Cleaner too!

Jocelyn Smith

DEAR EDITOR;

Everyone here at the Huggy Bear Motel was shocked when we heard about the assault on Dave Uncapher, The Can Man! How could a person do such a thing to a human being?! It is way beyond understanding when there are other avenues to take to get the so called problem resolved.

We have been enjoying Dave's company for a few years now. As we go about our work here at the motel we will stop when we hear someone whistling. Knowing it is Dave to lighten up our day with his bright smile and twinkling eyes. He will ask us how we are doing and tell us that it's such a great day. Then he will wish us well and be on his way. Leaving us wishing all of our days were as great as each one of his.

And last but not least, Pam we are sorry to hear about Dave's medical problems. We would like to wish him a speedy recovery. We greatly miss seeing him around here. Our thoughts and prayers go out to you and Dave. God bless and keep both of you. Thank you for sharing Dave with us.

Now I would like to leave everyone with one question! Whatever happened to help your fellow man?!

DEAR EDITOR

Thank you and all of Warren also. With everyone's prayers and concern David Uncapher, the Can Man, came through his back procedure with flying colors. He now has little or no pain.

As for my other request last week, I've personally received quite a few calls and comments about David's incident. What a Wonderful Town!!!

I always believed Warren was a godsend and you all proved it. I have not received one complaint and one special 10 year old girl offered

SSF GOLF OUTING

The SSF golf outing can now be put in the history book. Fifteen teams started to golf 18 holes with a shot gun start at 8:00 on Saturday morning. The morning started out a little overcast but the radar and the weatherman said that there was only a 30% chance of rain.

We may look for another way to predict the weather in the future. Play was stopped to let a rain shower pass through. Play started again and then the lightening came. Play was stopped and everyone went to club house to let the lightning pass. Then came more rain, a lot of rain. It was decided that since all teams had golfed at least nine

holes that we would call the tournament, the course was just too wet, as well as many of the players.

Congratulations go to all winners of the golf tournament as well as the winners in the other contests that were held during the SSF Golf Tournament. Winners were: 1st place team Brent Furnish, Rick Furnish, Dustin Fournety and Eric Gerdes; 2nd place team Brad Glasgow, Brian Glasgow, Bret H. and Tim Sneed; 3rd place team Ben Bennett, Derek Ralston, Kevin Hicks, and Elmer Hicks. Closest to the pin, Mark Laymon; longest drive, Kevin Hicks; longest putt, Steve Laymon; Putting tournament, Doug Kelly; 50/50 drawing Doug Kelly.

A big thanks to National City Bank, Campbell & Dye Insurance, Markle Medical Center, Heritage Pointe, Warren Pharmacy, East of Chicago Pizza Co., Shane Wright Construction, Ackley Automotive, Markle Bank, DeWeese Soft water and Appliance, Crain Ford, Warren Deli, Lightning 5 Café, Kevin Deakyne, Accent Interiors, Salamonie Mills, PJ Flower and Gifts, Gephart's Floral Barn, Star Insurance, Hoosier Blue Flame, Denny's Hardware, Wagon Wheel Bar and Grill, Daugherty Equipment and Moto Direct for the prize donations. Thanks also go to the winners that donated their prize money back to the Salamonie Summer Festival.

The Salamonie Summer Festival committee would especially like to thank Dogwood Glen Golf Course and Michelle Smith, Manager, for her time, assistance and providing the facility for our golf outing. Along

with Kim's Katered Affair for serving a great lunch to our participants.

To all the participants in the 2008 Salamonie Summer Festival Golf Outing thanks for making it a big success.

## MARKET REPORT

Saturdays market was good for all of us even though we got rained out the last hour and how it did rain. Had a near river going thru the tent. We hope to have produce coming in, but with the rains many gardens are just too wet to get into.

This week we will be at the market sharing with the Tractor show and the good entertainment that is later in the day, thanks to the good work and effort of the of the antique tractor group and David Daugherty.

If coming to the market they have asked to remind you that parking will be different. They will shuttle you down to the market. You can't get that kind of good service at the super market.

Come out and check us out and enjoy the festivities and good food. Have a great holiday.

## FIREWORKS LAWS

Use Caution and Be Safe

With the fireworks season in full swing, Indiana citizens and retailers are being reminded of a new state law governing the use and sale of fireworks. The Indiana Department of Homeland Security (IDHS) Fire & Building Safety division urges Hoosiers to play it safe when using fireworks this summer.

"When handled by professionals, a fireworks show may look easy, but each year they cause injury, death and property damage because of misuse and accidents," said Jim Greeson, State Fire Marshal.

In March of 2006, Governor Mitch Daniels signed a new law that will help fund important public safety programs around the state, such

as firefighter training, through the collection of a 5-percent safety fee on the sale of all fireworks. The law also includes requirements regarding where and when consumers can set off fireworks, as well as requirements for structures where fireworks are sold.

"Hoosiers need to remember that restrictions are in place regarding the use of fireworks, as well as the possible penalties for violators," Greeson added. "We want to stress the personal responsibility of each fireworks consumer. Obey our laws, follow directions for safe use and apply common sense."

Fireworks law provisions:

Fireworks may be used only on the user's property; or on the property of someone who has consented to the use of fireworks; or at a special discharge location.

Fireworks can be purchased only by persons 18 years of age or older and children may possess or use any kind of firework only when an adult is present.

Penalties for violating the fireworks law can range from a Class A misdemeanor up to a

Class C felony in the case of the reckless or intentional use of fireworks that results in a person's death.

On Memorial Day, the 4th of July, Labor Day and New Year's Eve, fireworks may be discharged from 9 a.m. to midnight. Any other day of the year fireworks may be discharged from 9 a.m. to 11 p.m. Local laws may further affect fireworks use.

U.S. Consumer Product Safety Commission data shows that in 2006, approximately 1,300 people were injured by fireworks. In addition, approximately 1,000 people were injured by sparklers and 800 by bottle rockets.

The IDHS Fire & Building Safety Division recommends Hoosiers check the fireworks they purchase to ensure they contain the following information:

Class "C" Consumer Fireworks 1.4 g

"If you find a package that you cannot read because it is in a foreign language, it says Class 'B' fireworks, or 1.3 g, we strongly encourage you to call the CPSC hotline (800-638-2772)," Greeson added.

## FIREWORKS SAFETY MONTH

Stay Safe and Boost the Blood Supply in Huntington County

Parades, cookouts and fireworks... a traditional celebration of Independence Day. But with the fun comes dangerous consequences if fireworks are not used properly.

Fireworks can cause serious injuries such as blindness, third degree burns and permanent scarring. In 2005, four people died and an estimated 10,800 were treated in emergency departments for fireworks-related injuries in the United States.

Patients with severe burns to the skin can require up to eight units of plasma. Plasma is the yellow liquid portion of the blood. Plasma is separated from whole blood donations, along with platelets and red cells, to treat burn victims.

Be prepared for fireworks mishaps and help rebuild the holiday blood supply by donating blood at one of the following blood drives:

Wednesday, July 9, from 2:30 p.m. until 6:30 p.m. at St. Joseph Catholic Church in the church basement located at 641 N. Main St. in Roanoke.

Friday, July 11, from 1 p.m. until 5 p.m. at Coffee D'Vine located at 44 Vine St. in Huntington.

If you are at least 17 years of age, weigh a minimum of 110 pounds and are in good general health, you may be eligible to donate blood. All donors need to present positive identification. For more information or to schedule your blood donation appointment, call 1-800-GIVE-LIFE (1-800-448-3543).

### DEVELOP YOUR TEAM

Building effective teams in the workplace is crucial to the success of any organization. Boring team meetings are a sure-fire way to demoralize and derail any team. Join Tim Gardner as he presents a research-based model for team creation, evaluation, and building, along with guidelines for conducting engaging, results oriented team meetings. Leaders at all levels are encouraged to not only attend but to bring as many of their team members with them. This workshop can be the first step in becoming a high performing team.

Dr. Tim Gardner, Executive Coach and Licensed Mental Health Counselor, Marriage Ministries, Inc. (Indianapolis) will address area business leaders at this month's Leadership Luncheon sponsored by the Wabash Friends Counseling Center on Thursday, July 10th from noon to 1:00 pm. The title of this luncheon is, Developing Your Team: High Performance Collaboration. Dr. Gardner is also an Associate Research Fellow with the Sagamore Institute and an Adjunct Professor at Indiana Wesleyan University.

Scott Makin, Director of the Wabash Friends Counseling Center, emphasized, "This is not just for top level leaders. Dr. Gardner will also help team members develop skills to become a high performing team member that is open to this type of collaborative leadership."

Participants are also given a packet of other leadership resources: a book review on a leadership book, a recent article on a leadership concept or skill, a handout of one of the best leadership resource website, a sheet of leadership quotes around certain themes, and one good joke. There is also a leadership resource table that includes the top 15 leadership books (available to purchase) and past handouts.

Each attendee will receive a certificate of completion. This certificate demonstrates ongoing training to your specific organization or may be used for future employment opportunities and will serve as a continuing education document.

To register for this workshop, contact the Wabash Friends Counseling Center at 260.563.8452 or [scott@wabashfriends.org](mailto:scott@wabashfriends.org) or visit their website at [www.wabashfriendscounseling.com](http://www.wabashfriendscounseling.com). ### MY TOWN and Yours BY DENNIS STROUD

Thinking back through the many festivals, most of my memories are of the 70s and 80s, since I was on the festival committee those years. Back then there were always 15 to 20 floats. Different organizations or businesses and even neighborhood groups would design nice floats by spending some money and working several weeks on the float. I remember when there were 4 or 5 marching bands competing for the first place prize. Some celebrities that I can remember in past parades were Dick Stoner the magician, Happy the Hobo, Elizabeth Nulf of W.P.T.A. TV, and Bodie the World Famous Janitor from WOWO Radio.

Some shows and events I remember watching and helping with were the Go-kart street race, the Wrong Show, Championship Wrestling, and that hilarious kitchen band by the mothers of WWII. The Gingham Gals variety shows had a lot of good local

talent and great acts. Who can not forget the Tons of Fun gals? They kept everybody laughing. One long running show was the mystic theater with Buena Laymon, Bruce Smelser and Ernie Wesco playing piano. Stars of the shows were Charlie Chaplin, Gloria Swanson and Pearl White.

All of the Pink Slipper shows were great and I miss having them in the festivals. Warren had a tremendous amount of talent back then. In the early 70s some of the acts of the Pink Slipper show were Salamonie Ernie, the Roaring 20s chorus line, and the Gold Dust. Also, there was the Stripper, Sweet sue, Saucy Sharon, Little Edith Ann, the Bobsey Twins, Swingin' Bruce and Rocking Roby. See if you can remember the actor or actress who played these characters. In the early festivals, Warren enjoyed the talents of Jim and Sue Morrison who wrote and directed such plays as "The Butternut Tree" and "The Winds of Hope." These plays were performed by local talent at the scout cabin by the river.

The canoe races on the Salamonie River were a big event that many spectators would line both side of the bridge and down the sides of the river. There was long and short river runs and jostling for both boys and girls. I can still picture in my mind Clyde Snow floating on the inter tube while watching over the canoe events. Another river event was the fishing contest for kids. The first 25 kids to catch any kind of fish won a prize.

Some events for kids were the pet dressing contest and parade, bike decorating parade, bicycle

race, sack race, shoe scramble, basketball throw, egg catching, cake walk and a bike rodeo. There was, also, the hay stack hunt, tricycle race, skateboard contest and hoola hoop contest.

I can remember the fine arts exhibit, the crafts exhibit, the antique camera shop, the craft mart and the old general store. Some of the shows on stage 2 were the talent contest, the puppet show, Family Feud, Wheel of Fortune, the luscious legs contest, Beat the Clock game, Puttin' on the Hits and the Price is Right.

I remember sitting on the hill at the civic center watching the tractor pull, the horse show and pony pull, the pioneer obstacle course, the motorized three wheeler races and the hot air balloon tether ride. And don't forget waiting for that old cow to drop on your square at the cow paddy drop. Another crowd pleasing event was the bed races and later the out house races. These events lined the downtown streets with people.

Some festivals have been better than others [my opinion] but there has always been some event or program each year that you hear people talk about after the festival is over. The best thing about the festival is getting to see people who have moved away who come back at festival time. I hope we can get younger people involved with the planning of the festivals and continued to have festivals in the future.

The museum will be open on July 5 and 6, 11:00 a.m. to 4:00 p.m. We hope you can stop in and see us. I hope everybody enjoys and has a safe festival.

money to help with David's bills. He has Medicare, so I doubled her money (since she wouldn't take it back) and we put it back into the community for those who may need it. We should all be grateful and proud to live in this "Small Town with a Big Heart," where even our children show our adults proper behavior in unusual circumstances. I know I am.

What a Town! What a Country! Have a Happy Fourth of July!!!

### IN RESPONSE – DOWNTOWN PROJECT

"This is in response to the unsigned letter in Friday's edition. It is obvious why it was not signed; who would admit to writing such a letter? I do not have a business perse; hwvr, I am a proud member of the Chamber of Commerce and attend all the meetings. How can one judge the dedicated Chamber members if you are not present to know what they have accomplished? Transformations do not happen overnight; the present conditions are necessary to remake the appearance and are already in evidence. The removal of the trees reveals the nature of each business and exposes the beauty of the treasured old buildings. The large attendance at each meeting expresses the pride and interest felt in this town. The monthly drawings, the attractive sign on 69, etc. are just a few of the indications of the new growth. It is efforts like these that invite new ventures to our area. I would suggest the unsigned writer attend the meetings, making their suggestions at that time, rather than negative letters for the public and trying to discourage interest and new growth. I proudly sign my name, as a supporter of the little town with a big heart.

Lilly Nutter

We are proud to be business owners in Downtown Warren. We commend the Warren Town Council for their perseverance in the upgrade of our water and electric lines. The plan to upgrade utility services evolved several years ago with a lot of hard work on the Warren Town Council, Town Utility Manager, Town Employees and a committee of Warren Area Chamber. The Town of Warren has to constantly upgrade their equipment and

services in order to sustain businesses and attract new businesses.

Being a Warren Area Chamber Member, we are very proud that we have 73 active chamber members plus 57 other active businesses! Warren offers businesses and services that other small towns in America want and need so desperately. Thank you to the citizens and business owners that attend meetings and are informed of the utility upgrade which therefore led to the necessity of replacing the sidewalk & light pole replacements.

These much needed replacements have immensely improved Downtown Warren!

Thanks, Scott & Gina Canady and Mike Bolinger

### TO WHOM IT MAY CONCERN,

I do not know who wrote the letter to the editor in the June 27<sup>th</sup> edition of the Warren Weekly, the letter had no name signed. The writer is entitled to their opinion, however I feel the letter was not representative how most business owners feel.

I have owned a building and business in Warren for 28 years. I would like to take the opportunity to thank all of my customers who have supported and continue to shop downtown Warren.

I have local and out of town customers who come in and remark how nice our "small" town is and how friendly and willing to serve the people are.

Many towns our size do not have flooring and décor business, appliance and bicycle shop, tavern & restaurant, bank, law offices, insurance offices, opera house, video store, apartment building as well as many apartments above other buildings, print service, veterinary office, mill, tack shop, heating and plumbing business, floral and gift shop, monument company, beauty salon, auto parts store, hardware and pharmacy.

These are all in a 2 ½ block area of Wayne St in downtown Warren. This doesn't include all of the other businesses, doctors, dentists and Heritage Pointe in and around Warren. Most are open 8-6 to serve the people in our community and those passing through.

I appreciate your friendship and business and apologize for any minor inconvenience during the upgrade of utilities and new sidewalks have caused. We were able to be open every day and were not without power or water during the project.

Thank you again. It's great to live in a "small town with a "big" heart."

### SIDEWALK HEAT?

The crew at Bolinger's Warren Service & Supply installing in-floor radiant heating in their sidewalk for the final pour of the town. Notice the gentlemen walking away down the sidewalk ... maybe it's "Samuel Jones" heading to the Festival! What do you think???
